14TH YEAR. NO. 132.

EAST LIVERPOOL, O. FRIDAY, NOV. 11, 1898.

TWO CENTS

QUAY OFFERS REWARD.

\$10,000 For Proof of Attempt to Bribe Legislators.

A CANDIDATE FOR RE-ELECTION.

Claims He Has Enough Friends In the Legislature to Win—Recent Campaign a Man-Hunt—Villified and Misrepresented. Slap at Van Valkenberg.

PHILADELPHIA, Nov. 11.—Senator Quay, accompanied by Senator Penrose, left for Florida, where they will recover from the fatigues of the campaign at the senior senator's San Lucie cottage. Senator Quay will also entertain Senator Vest of Missouri. His two sons, Major A. G. O. Quay and Richard R. Quay, and his brother will also be members of the party.

Before leaving Senator Quay gave out a statement regarding the election and campaign, saying in part:

"Those engaged in the warfare against the Republican candidates and against those conspicuous in the councils of the party cast issues and principles to the four winds, and the contest was a man hunt pure and simple. Villification and misrepresentation took the place of argument and logic, and the passion of man was appealed to rather than his reason.

"The result in Pennsylvania is not only personally gratifying to me, but it must be to every fair-minded Republican in the state. The sovereign people have, by their emphatic verdict, set the seal of condemnation upon the hideous methods of campaigning resorted to in the late contest by the enemies of the Republican party, the falsifier, the scandal monger, the libeler has been repudiated by the people.

"Despite the extraordinary efforts to defeat Republican candidates for the legislature, which have been successful in a number of counties, the general assembly will be overwhelmingly Republican, the political complexion of the bodies being as follows: Senate—Republicans, 38; Democrats, 12. House—Republicans, 127; Democrats, 74; independents, 3. The legislature will comprise, therefore 165 Republicans, 86 Democrats and 3 independents, a Republican majority on joint ballot of 76, or nearly two-thirds. Regarding the United States senatorship, I can only say this: All of my friends have been aware of my personal antipathy to another term in the senate, but those prominent in the late crusade against the Republican state and legislative candidates choose to force the issue. They have made it imperative that I shall be a candidate for re-election. The gauge of battle is accepted.

"The result is in the hands of the incoming legislature, a very large proportion of whom are my political and personal friends. Of the result there can be no possible doubt. Throughout the campaign just closed enormous sums of money were used to defeat Republican legislative candidates. I have no doubt efforts will be made to tamper with some of the members elected, but they will not be successful. The attempt to purchase the United States senatorship two years ago did not succeed then, nor will a similar attempt succeed now, bargain counter methods having been repudiated by the people of this state.

"Should, however, any attempt be made to bribe legislators elect, the same leniency will not be shown as in the Van Valkenberg case. That there may be no mistake regarding my position in this matter, I hereby offer a reward of \$10,000 for information leading to the arrest and conviction of anyone endeavoring to bribe any state senator or representative-elect. The money for payment of the reward is on deposit with George A. Huhn & Sons, bankers and brokers, Philadelphia.

"M. S. QUAY."

HORRIBLE NEGLECT.

A Female Preacher Told of Awful Lack of Care of Sick at Camp Thomas.

Other Witnesses.

DETROIT, Nov. 11.—General Dodge, Colonel Sexton and Dr. Connor of the war investigating commission arrived here from Chicago and began to take testimony. Major Corliss, Captain Booth and Lieutenant Rosenbaum of the Seventh regiment testified. They agree that under the circumstances the troops were fairly well treated. The only criticism was mistreatment on transports and crowding of men aboard.

Captain Charles A. Booth, Seventh infantry, testified that he returned with three odd companies aboard the auxiliary cruiser Prairie, which had no accommodations for carrying troops. There were no regular nurses aboard, and the two doctors, witness considered, were young and inexperienced. One of them was ill. Captain Booth said the men were all in such miserable condition from malarial poisoning on reaching Montauk that their stomachs would retain nothing.

Rev. Helen Stuart Richards of Boston was at Camp Thomas, where she voluntarily helped care for the soldiers from June 9 to Aug. 4. She said in part:

"In the second division, Third corps hospital, I would mention the general dirt and disorder, the lack of quiet, the absence of disinfectants and the horri-

ble stench. Patients were frequently filthy and they were very infrequently bathed.

"I found patients with their eyes, nostrils and mouths full of horrible flies. Mosquito netting was there, but it was not always in use; there was utter neglect to put the mosquito netting down, where it would relieve the men."

HELD UP BY BANDITS.

A Great Northern Train Robbed Near Fergus Falls, Minn.—Considerable Money Probably Gotten.

FERGUS FALLS, Minn., Nov. 11.—A Great Northern train was held up and robbed about five miles west of here. There were eight robbers in the gang, all well armed.

The local safe was destroyed, and it was thought that they succeeded in securing considerable money, but the exact amount cannot be learned. The through safe was drilled and dynamited, four charges being used. The jacket was blown off, but it was found impossible to reach the inner part and get at the cash.

Some of the gang worked over it nearly two hours, holding the train for that length of time, but gave up finally, and joining their companions on the outside started south. The two men, who stood guard over the engineer, compelled him to give up \$20 which he had on his person. The express car had been somewhat wrecked by the explosion, but the trainmen managed to get it to Carlisle, where it was patched up and the train proceeded on its westward journey.

TROOPS HURRY SOUTHWARD.

General Young Expects to Have His Corps In Camp by Wednesday.

CAMP MEADE, MIDDLETOWN, Pa., Nov. 11.—The general movement of the Second army corps south began with departure of the Thirty-fifth Michigan regiment for Augusta, Ga. A surgeon was assigned to each section and a hospital car was attached to the rear of the third section.

The Second Tennessee regiment struck its tents and started for Columbia, S. C. Two and three regiments will be started away from here daily, and if there is no delay on the southern railroads General Young expects to have his entire corps of 25,000 troops in the southern camps by next Wednesday.

A board of surgeons was appointed by Adjutant General Stewart to examine Dr. Hill of Pittsburg and Dr. Miller of New Castle, who have been recommended by Colonel Glenn for assistant surgeons of the Fourteenth regiment.

FRIENDLY TO SPAIN.

Paris Paper Says Intended Visit of Kaiser to Spain Is an Indication.

PARIS, Nov. 11.—The Gaulois intimates that there might be a possibility of European intervention in the Philippines, although the paper doubts if there will be such action in view of the differences which divide France, Great Britain and Russia. Germany alone, according to The Gaulois, seems disposed to offer aid to Spain, saying:

"The expected arrival of Emperor William at Cadix and his probable visit to the queen regent are sufficiently significant indications of his friendly disposition to Spain."

VIRULENT ATTACKS ON AMERICA.

Spanish Papers Regaling Their Readers With Slush.

MADRID, Nov. 11.—The Madrid newspapers are regaling their readers with virulent attacks upon everything American. They assert that "owing to the brutality of the American soldiery, brigandage is rife in the interior of Porto Rico and many residents are quitting their homes."

They compare the "present disorder" with the "tranquility under Spanish rule."

With regard to the Philippines, they reiterate that "America's demands will not be tolerated."

Ordered Convicted Prisoners Discharged.

HOLLIDAYSBURG, Pa., Nov. 11.—Two sensational homicide cases in the Blair county courts ended when Frank Wilson and James Farrell, charged with the murder of Henry Bonnecke were discharged. Both men had been convicted of the charge, but the supreme court ordered new trials in their cases. District Attorney Hammond claimed that the second trial was useless under the rulings of the higher court, and upon his motion the court ordered the release of Wilson and the commitment of Farrell to the Western penitentiary to serve out a sentence for a separate crime.

WHITE MEN CONTROL.

Substituted Their Own Government, at Wilmington, N. C.

NINE NEGROES WERE KILLED.

This the Result of the Race Trouble in That Place—Three White Men Wounded. The Substitute Mayor Prevented a Lynching—Troops Ordered.

WILMINGTON, N. C., Nov. 11.—The city is in the hands of a new municipal government and law and order is being established. The board of aldermen resigned one by one. As each alderman vacated the remainder elected a successor, named by the citizens' committee, until the entire board was changed legally. They resigned in response to public sentiment. The new board is composed of conservative Democratic citizens.

The mayor and chief of police then resigned and the new board elected their successors, according to law. Ex-Representative Waddell was elected mayor and E. G. Parmelee chief of police. The first act of the new government was to swear in 250 special policemen, chosen from the ranks of reputable white citizens. They are vested with all the authority of the law and will take charge of the city. The citizens' committee will remain on guard, however, throughout the town to prevent possible attempts at incendiarism. The new government will devote its attention to restraining recklessness among the whites as well as keeping down lawlessness among the negroes.

The trouble in Wilmington commenced when an armed body of citizens, numbering about 400, and led by ex-Representative Waddell, chairman of a committee of 25 appointed for the purpose, proceeded to the publishing house of a negro newspaper, The Record, to wreck it. The editor of this paper had published an article defamatory of white women and a mass meeting of citizens ordered his expulsion from the city within 24 hours and the removal of his press. Fifteen leading negroes were called in by the committee of 25 and directed to notify the chairman next morning whether they would agree to the removal of the press. They were informed that if no answer was returned the press would be demolished.

No answer was received by the chairman, and after waiting awhile, the citizens proceeded in a body and demolished the fixtures of the printing office. The building was also fired and gutted. The leaders say this action was the work of irresponsible persons, and as soon as the fire was discovered the fire department was called to extinguish it. The burning of the printing office created a great commotion among the negroes of the town. The rumor spread that the whites were going to burn and murder in the negro quarters. This rumor reached the negro employees of a cotton compress, numbering 300 or 400, who quit work and hung about the streets in manifest terror. Other parties congregated in the negro section and it was in one of these that the first tragedy was enacted. The men were standing on a corner and were ordered to disperse. They declined and, it is claimed, fired into the whites.

A fusillade was immediately opened upon them by the whites and three negroes were killed. Two whites were wounded slightly. One negro ran down the street and, passing a residence, fired a rifle at William Mayo, white, standing on the veranda, shooting him through the left lung. This negro was recognized, pursued and captured while hiding under a bed. It is said he confessed to the shooting. He was riddled with shot by his captors and killed.

In the meantime the town was in a state of excitement. The whites rushed to the scene from every direction, the local military company was ordered out and a battalion of United States naval reserves proceeded to the vicinity of the trouble with a rapid firing gun.

Negroes in a house fired upon a passing party of white men. The house was surrounded and four negroes captured and taken to the jail. One negro broke away and ran, but was shot down and killed before he had proceeded half a block.

There were other affairs of this kind, and eight negroes were killed during various times in the disturbed sections and three white men wounded. Their names at this time are unknown.

As the news of the riot spread through the neighbor state cities they offered to send help, and all such offers were declined, except in the case of Fayetteville, from which town came about 150 men.

As night fell the town was completely patrolled and guarded. Very few negroes were on the streets and they were not allowed to congregate anywhere.

The action of the citizens in organizing a new municipal government is expected to bring peace and order.

It developed later that the negro committee summoned had agreed to use their good offices to have the press removed, although the editor had disappeared and they had no authority on the premises. This letter, instead of being delivered to the chairman of the committee of 25 in person, was put in the mail and did not reach him till three hours after the expiration of the

time limit which had been fixed for the reception of the answer.

A crowd was formed to take from the jail and lynch two negroes, Thomas Miller and Ira Bryant, who were arrested charged with making threats and were regarded as dangerous cases. The mayor, Colonel Waddell, promptly prohibited the assembling of the crowd at the jail and he himself headed a guard of 25 men with Winchesters to guard the prisoners.

Another negro was killed at Tenth and Mulberry streets. He was hailed by a guard, but refused to halt, and, continuing to advance, was shot by the guard.

Three companies of state militia are expected from neighboring cities to aid in maintaining order.

AGAIN AFTER THE STANDARD.

Ohio's Attorney General Brought Suit Against the Union Tank Company.

CLEVELAND, Nov. 11.—State Attorney General Monnett announced that he had filed another petition against a branch of the Standard Oil company in the Ohio supreme court. The case this time is against the Union Tank Line company, which is incorporated under the laws of New Jersey, and which came into existence very shortly after the decree of the supreme court of this state ordering the Standard Oil company to wind up its affairs.

The stockholders of the Union Tank company are practically the same as those of the Standard Oil company and, according to the attorney general's claim, the company was organized simply for the purpose of furthering the Standard company in its efforts to evade the decision of the supreme court. The petition asks that the defendants be compelled to show cause why they should not be ousted from doing business in Ohio.

A Receiver Appointed.

CLEVELAND, Nov. 11.—W. J. Hart was appointed receiver of the Enterprise Manufacturing company of Akron. Bond was required in the sum of \$100,000. The appointment was made on application of the Detroit Copper and Brass Rollingmills company and T. A. Rolefer, creditors of the company.

SEVERE GALE ON LAKES.

Vessel Went Down on Michigan—One Ashore on Huron and Others Missing—Crews Probably Lost.

PORT HURON, Mich., Nov. 11.—The steamer C. F. Curtis and three consorts, bound down, were struck by the gale on Lake Huron, near Sand Beach.

The Fassett finally went ashore near Sand Beach and the lifesaving crew got all the men off. The Holland and Reed have not reached here at a late hour and fears were entertained for their crews. Tugs have been sent out to search for the missing boats.

CHICAGO, Nov. 11.—Waterlogged and unfit to weather a storm upon the lakes the S. Thal, a tramp two-masted schooner foundered off Glenview in the gale of Wednesday night and went to pieces in the surf. Five of crew probably lost.

Lucrechi Sentenced to Imprisonment For Life—His Predictions as to Other Assassinations.

GENEVA, Nov. 11.—Luigi Lucrechi, the Italian anarchist, who assassinated Empress Elizabeth of Austria on Sept. 10 last, in this city, was sentenced to imprisonment for life.

Lucrechi admitted that he came to Geneva in order to kill the Duke of Orleans, but arrived too late. In spite of this the duke, he said, would be killed within a year.

He also said that if he had possessed 50 francs on the morning of the assassination, instead of killing the empress of Austria, he would have started for Italy with the intention of killing King Humbert. He added: "It does not matter, however, as another will kill Humbert shortly."

When full penalty allowed by the Swiss law was imposed upon him, Lucrechi laughed and cried loudly "long live anarchy" and "death to aristocracy."

TEN NEGROES DEAD.

At Least That Many Killed Near Greenwood, S. C.

GREENWOOD, S. C., Nov. 11.—Five negroes lay dead at Rehobeth all day along the roadside, another was killed and likely four others are dead and lost in the woods. One white man was buried, three others lie at the point of death and more have been wounded.

In the meantime the town was in a state of excitement. The whites rushed to the scene from every direction, the local military company was ordered out and a battalion of United States naval reserves proceeded to the vicinity of the trouble with a rapid firing gun.

Negroes in a house fired upon a passing party of white men. The house was surrounded and four negroes captured and taken to the jail. One negro broke away and ran, but was shot down and killed before he had proceeded half a block.

There were other affairs of this kind, and eight negroes were killed during various times in the disturbed sections and three white men wounded. Their names at this time are unknown.

As the news of the riot spread through the neighbor state cities they offered to send help, and all such offers were declined, except in the case of Fayetteville, from which town came about 150 men.

As night fell the town was completely patrolled and guarded. Very few negroes were on the streets and they were not allowed to congregate anywhere.

The action of the citizens in organizing a new municipal government is expected to bring peace and order.

It developed later that the negro committee summoned had agreed to use their good offices to have the press removed, although the editor had disappeared and they had no authority on the premises. This letter, instead of being delivered to the chairman of the committee of 25 in person, was put in the mail and did not reach him till three hours after the expiration of the

time limit which had been fixed for the reception of the answer.

A crowd was formed to take from the jail and lynch two negroes, Thomas Miller and Ira Bryant, who were arrested charged with making threats and were regarded as dangerous cases. The mayor, Colonel Waddell, promptly prohibited the assembling of the crowd at the jail and he himself headed a guard of 25 men with Winchester to guard the prisoners.

Another negro was killed at Tenth and Mulberry streets. He was hailed by a guard, but refused to halt, and, continuing to advance, was shot by the guard.

Three companies of state militia are expected from neighboring cities to aid in maintaining order.

AGAIN AFTER THE STANDARD.

Ohio's Attorney General Brought Suit Against the Union Tank Company.

CLEVELAND, Nov. 11.—State Attorney General Monnett announced that he had filed another petition against a branch of the Standard Oil company in the Ohio supreme court. The case this time is against the Union Tank Line company, which is incorporated under the laws of New Jersey, and which came into existence very shortly after the decree of the supreme court of this state ordering the Standard Oil company to wind up its affairs.

The stockholders of the Union Tank company are practically the same as those of the Standard Oil company and, according to the attorney general's claim, the company was organized simply for the purpose of furthering the Standard company in its efforts to evade the decision of the supreme court. The petition asks that the defendants be compelled to show cause why they should not be ousted from doing business in Ohio.

Luocheni Sentenced to Imprisonment For Life—His Predictions as to Other Assassinations.

GENEVA, Nov. 11.—Luigi Luocheni, the Italian anarchist, who assassinated Empress Elizabeth of Austria on Sept. 10 last, in this city, was sentenced to imprisonment for life.

Luocheni admitted that he came to Geneva in order to kill the Duke of Orleans, but arrived too late. In spite of this the duke, he said, would be killed within a year.

He also said that if he had possessed 50 francs on the morning of the assassination, instead of killing the empress of Austria, he would have started for Italy with the intention of killing King Humbert. He added: "It does not matter, however, as another will kill Humbert shortly."

When full penalty allowed by the Swiss law was imposed upon him, Luocheni laughed and cried loudly "long live anarchy" and "death to aristocracy."

EVENING NEWS REVIEW.

14TH YEAR. NO. 132.

EAST LIVERPOOL, O. FRIDAY, NOV. 11, 1898.

TWO CENTS

QUAY OFFERS REWARD.

\$10,000 For Proof of Attempt to Bribe Legislators.

A CANDIDATE FOR RE-ELECTION.

Claims He Has Enough Friends in the Legislature to Win—Recent Campaign a Man-Hunt—Villified and Misrepresented. Map at Van Valkenberg.

PHILADELPHIA, Nov. 11.—Senator Quay, accompanied by Senator Penrose, left for Florida, where they will recover from the fatigues of the campaign at the senior senator's San Lucie cottage. Senator Quay will also entertain Senator Vest of Missouri. His two sons, Major A. G. C. Quay and Richard R. Quay, and his brother will also be members of the party.

Before leaving Senator Quay gave out a statement regarding the election and campaign, saying in part:

"Those engaged in the warfare against the Republican candidates and against those conspicuous in the councils of the party cast issues and principles to the four winds, and the contest was a man hunt pure and simple. Villification and misrepresentation took the place of argument and logic, and the passion of man was appealed to rather than his reason.

"The result in Pennsylvania is not only personally gratifying to me, but it must be to every fair-minded Republican in the state. The sovereign people have, by their emphatic verdict, set the seal of condemnation upon the hideous methods of campaigning resorted to in the late contest by the enemies of the Republican party, the falsifier, the scandal monger, the libeler has been repudiated by the people.

"Despite the extraordinary efforts to defeat Republican candidates for the legislature, which have been successful in a number of counties, the general assembly will be overwhelmingly Republican, the political complexion of the bodies being as follows: Senate—Republicans, 38; Democrats, 12. House—Republicans, 127; Democrats, 74; independents, 3. The legislature will comprise therefore 165 Republicans, 86 Democrats and 3 independents, a Republican majority on joint ballot of 76, or nearly two-thirds. Regarding the United States senatorship, I can only say this: All of my friends have been aware of my personal antipathy to another term in the senate, but those prominent in the late crusade against the Republican state and legislative candidates choose to force the issue. They have made it imperative that I shall be a candidate for re-election. The gauge of battle is accepted.

"The result is in the hands of the incoming legislature, a very large proportion of whom are my political and personal friends. Of the result there can be no possible doubt. Throughout the campaign just closed enormous sums of money were used to defeat Republican legislative candidates. I have no doubt efforts will be made to tamper with some of the members elected, but they will not be successful. The attempt to purchase the United States senatorship two years ago did not succeed then, nor will a similar attempt succeed now, bargain counter methods having been repudiated by the people of this state.

"Should, however, any attempt be made to bribe legislators elect, the same leniency will not be shown as in the Van Valkenberg case. That there may be no mistake regarding my position in this matter, I hereby offer a reward of \$10,000 for information leading to the arrest and conviction of anyone endeavoring to bribe any state senator or representative-elect. The money for payment of the reward is on deposit with George A. Huhn & Sons, bankers and brokers, Philadelphia.

"M. S. QUAY."

HORRIBLE NEGLECT.

A Female Preacher Told of Awful Lack of Care of Sick at Camp Thomas. Other Witnesses.

DETROIT, Nov. 11.—General Dodge, Colonel Sexton and Dr. Connor of the war investigating commission arrived here from Chicago and began to take testimony. Major Corliss, Captain Booth and Lieutenant Rosenbaum of the Seventh regiment testified. They agree that under the circumstances the troops were fairly well treated. The only criticism was mistreatment on transports and crowding of men aboard. Captain Charles A. Booth, Seventh infantry, testified that he returned with three odd companies aboard the auxiliary cruiser Prairie, which had no accommodations for carrying troops. There were no regular nurses aboard, and the two doctors, witness considered, were young and inexperienced. One of them was ill. Captain Booth said the men were all in such miserable condition from malarial poisoning on reaching Montauk that their stomachs would retain nothing.

Rev. Helen Stuart Richards of Boston was at Camp Thomas, where she voluntarily helped care for the soldiers from June 9 to Aug. 4. She said in part:

"In the Second division, Third corps hospital, I would mention the general dirt and disorder, the lack of quiet, the absence of disinfectants and the horri-

ble stench. Patients were frequently filthy and they were very infrequently bathed.

"I found patients with their eyes, nostrils and mouths full of horrible flies. Mosquito netting was there, but it was not always in use; there was utter neglect to put the mosquito netting down, where it would relieve the men."

HELD UP BY BANDITS.

A Great Northern Train Robbed Near Fergus Falls, Minn.—Considerable Money Probably Gotten.

FERGUS FALLS, Minn., Nov. 11.—A Great Northern train was held up and robbed about five miles west of here. There were eight robbers in the gang, all well armed.

The local safe was destroyed, and it was thought that they succeeded in securing considerable money, but the exact amount cannot be learned. The through safe was drilled and dynamited, four charges being used. The jacket was blown off, but it was found impossible to reach the inner part and get at the cash.

Some of the gang worked over it nearly two hours, holding the train for that length of time, but gave up finally, and joining their companions on the outside started south. The two men, who stood guard over the engineer, compelled him to give up \$20 which he had on his person. The express car had been somewhat wrecked by the explosion, but the trainmen managed to get it to Carlisle, where it was patched up and the train proceeded on its westward journey.

TROOPS HURRY SOUTHWARD.

General Young Expects to Have His Corps in Camp by Wednesday.

CAMP MEADE, MIDDLETOWN, Pa., Nov. 11.—The general movement of the Second army corps south began with departure of the Thirty-fifth Michigan regiment for Augusta, Ga. A surgeon was assigned to each section and a hospital car was attached to the rear of the third section.

The Second Tennessee regiment struck its tents and started for Columbia, S. C. Two and three regiments will be started away from here daily, and if there is no delay on the southern railroads General Young expects to have his entire corps of 25,000 troops in the southern camps by next Wednesday.

A board of surgeons was appointed by Adjutant General Stewart to examine Dr. Hill of Pittsburgh and Dr. Miller of New Castle, who have been recommended by Colonel Glenn for assistant surgeons of the Fourteenth regiment.

FRIENDLY TO SPAIN.

Paris Paper Says Intended Visit of Kaiser to Spain Is an Indication.

PARIS, Nov. 11.—The Gaulois intimates that there might be a possibility of European intervention in the Philippines, although the paper doubts if there will be such action in view of the differences which divide France, Great Britain and Russia. Germany alone, according to the Gaulois, seems disposed to offer aid to Spain, saying:

"The expected arrival of Emperor William at Cadiz and his probable visit to the queen regent are sufficiently significant indications of his friendly disposition to Spain."

VIRULENT ATTACKS ON AMERICA.

Spanish Papers Regaling Their Readers With Slush.

MADRID, Nov. 11.—The Madrid newspapers are regaling their readers with virulent attacks upon everything American. They assert that "owing to the brutality of the American soldiery, brigandage is rife in the interior of Porto Rico and many residents are quitting their homes."

They compare the "present disorder" with the "tranquility under Spanish rule."

With regard to the Philippines, they reiterate that "America's demands will not be tolerated."

Ordered Convicted Prisoners Discharged.

HOLLIDAYSBURG, Pa., Nov. 11.—Two sensational homicide cases in the Blair county courts ended when Frank Wilson and James Farrell, charged with the murder of Henry Bonneke were discharged. Both men had been convicted of the charge, but the supreme court ordered new trials in their cases. District Attorney Hammond claimed that the second trial was useless under the rulings of the higher court, and upon his motion the court ordered the release of Wilson and the commitment of Farrell to the Western penitentiary to serve out a sentence for a separate crime.

WHITE MEN CONTROL.

Substituted Their Own Government, at Wilmington, N. C.

NINE NEGROES WERE KILLED.

This the Result of the Race Trouble in That Place—Three White Men Wounded. The Substitute Mayor Prevented a Lynching—Troops Ordered.

WILMINGTON, N. C., Nov. 11.—The city is in the hands of a new municipal government and law and order is being established. The board of aldermen resigned one by one. As each alderman vacated the remainder elected a successor, named by the citizens' committee, until the entire board was changed legally. They resigned in response to public sentiment. The new board is composed of conservative Democratic citizens.

The mayor and chief of police then resigned and the new board elected their successors, according to law. Ex-Representative Waddell was elected mayor and E. G. Parmelee chief of police. The first act of the new government was to swear in 250 special policemen, chosen from the ranks of reputable white citizens. They are vested with all the authority of the law and will take charge of the city. The citizens' committee will remain on guard, however, throughout the town to prevent possible attempts at incendiarism. The new government will devote its attention to restraining recklessness among the whites as well as keeping down lawlessness among the negroes.

The trouble in Wilmington commenced when an armed body of citizens, numbering about 400, and led by ex-Representative Waddell, chairman of a committee of 25 appointed for the purpose, proceeded to the publishing house of a negro newspaper, The Record, to wreck it. The editor of this paper had published an article defamatory of white women and a mass meeting of citizens ordered his expulsion from the city within 24 hours and the removal of his press. Fifteen leading negroes were called in by the committee of 25 and directed to notify the chairman next morning whether they would agree to the removal of the press. They were informed that if no answer was returned the press would be demolished.

No answer was received by the chairman, and after waiting awhile, the citizens proceeded in a body and demolished the fixtures of the printing office. The building was also fired and gutted. The leaders say this action was the work of irresponsible persons, and as soon as the fire was discovered the fire department was called to extinguish it.

The burning of the printing office created a great commotion among the negroes of the town. The rumor spread that the whites were going to burn and murder in the negro quarters. This rumor reached the negro employees of a cotton compress, numbering 300 or 400, who quit work and hung about the streets in manifest terror. Other parties congregated in the negro section and it was in one of these that the first tragedy was enacted. The men were standing on a corner and were ordered to disperse. They declined and, it is claimed, fired into the whites.

A fusillade was immediately opened upon them by the whites and three negroes were killed. Two whites were wounded slightly. One negro ran down the street and, passing a residence, fired a rifle at William Mayo, white, standing on the veranda, shooting him through the left lung. This negro was recognized, pursued and captured while hiding under a bed. It is said he confessed to the shooting. He was riddled with shot by his captors and killed.

In the meantime the town was in a state of excitement. The whites rushed to the scene from every direction, the local military company was ordered out and a battalion of United States naval reserves proceeded to the vicinity of the trouble with a rapid firing gun.

Negroes in a house fired upon a passing party of white men. The house was surrounded and four negroes captured and taken to the jail. One negro broke away and ran, but was shot down and killed before he had proceeded half a block.

Examiner Boden Tells Judge Smith What He Found of Former Cashier Child's Belongings In the Lisbon Bank, and Expressed an Opinion.

LISBON, Nov. 11.—[Special]—The president of the First National bank, Examiner Boden and A. G. Smith were examined in common pleas court as to the property belonging to M. J. Child but now in their possession.

President R. B. Richards testified that Child left the bank Oct. 20.

"Is he a defaulter?" asked Judge Smith.

"He left the bank in very bad condition. He must be indebted largely to the bank," was the reply.

Mr. Pritchard knew nothing of the \$7,500 mortgage on the O'Mara property in Youngstown, the story of which was told a few days ago.

W. E. Boden said he was the government examiner in charge of the bank. His charge includes all assets and anything that may be found in the bank, under the direction of the comptroller of the currency. He examined the contents of the tin box of which so much has been said, in the presence of Mrs. Mathews, daughter of the absent cashier. He found that it contained 80 old 50-cent pieces, some shinpasters, a \$10 gold piece marked "Pike's Peak gold," three gold pens, and two certificates of stock of the Lisbon Gas company. One of these was for \$1,500 and the other for \$4,400, the latter being preferred stock. One was endorsed Oct. 19 to Belle Child but is not signed. The other is endorsed and signed on the same date. In answer to a direct question Mr. Boden said:

"The indications are that Child is a fugitive from justice and he is indebted to the bank heavily."

A. G. Smith, manager of the gas company, said the certificates were issued to Child Jan. 17, 1898, but no transfer appears on the books of the company, although a book is kept for that purpose.

Attorney Martin asked for an order to have Sheriff Gill take charge of the box, but after having a talk with Mr. Boden he said he would not ask for the order now, as it might conflict with orders issued by the comptroller of the currency. The case was continued.

I. B. Cameron took charge yesterday of the bank's affairs. Mr. Boden will probably remain until Saturday to lend what assistance is in his power.

AND A BUNCH OF GAS STOCK

Examiner Boden Tells Judge Smith What He Found of Former Cashier Child's Belongings in the Lisbon Bank, and Expressed an Opinion.

LISBON, Nov. 11.—[Special]—The president of the First National bank, Examiner Boden and A. G. Smith were examined in common pleas court as to the property belonging to M. J. Child but now in their possession.

President R. B. Richards testified that Child left the bank Oct. 20.

"Is he a defaulter?" asked Judge Smith.

"He left the bank in very bad condition. He must be indebted largely to the bank," was the reply.

Mr. Pritchard knew nothing of the \$7,500 mortgage on the O'Mara property in Youngstown, the story of which was told a few days ago.

W. E. Boden said he was the government examiner in charge of the bank. His charge includes all assets and anything that may be found in the bank, under the direction of the comptroller of the currency. He examined the contents of the tin box of which so much has been said, in the presence of Mrs. Mathews, daughter of the absent cashier. He found that it contained 80 old 50-cent pieces, some shiplasters, a \$10 gold piece marked "Pike's Peak gold," three gold pens, and two certificates of stock of the Lisbon Gas company. WELLSVILLE.

DEWEY GLASS COMPANY

Will Be the Name of the New Concern.

PARTIES WERE IN TOWN

Conferring With the Board of Improvement--Old Resident of the Scotch Settlement Passed Away--All the News of Wellsville.

A. Pluemer arrived on the noon train yesterday from Cincinnati. With him came the construction engineer, whose home is in Pittsburgh. A meeting was held at 2 o'clock in Judge Smith's office, at which were as many of the members of the board as could be hastily summoned. Judge Smith was in Lisbon attending to his court duties, and E. G. Whittaker, secretary, was also out of town.

No new business was done, but the members of the Improvement company were assured that no new complications had arisen, and that when he returned to Cincinnati after his last trip here everything had been found to be entirely satisfactory to the firm of which he was a member.

The new firm will be known by the patriotic name of the Dewey Glass company. From here Mr. Pluemer and his engineer proceeded to Pittsburgh, where material will be secured, and plans laid which will very soon result in the workmen beginning work on the grounds in West End.

PARTIES WERE IN TOWN

Conferring With the Board of Improvement--Old Resident of the Scotch Settlement Passed Away--All the News of Wellsville.

A. Pluemer arrived on the noon train yesterday from Cincinnati. With him came the construction engineer, whose home is in Pittsburg. Judge Smith was in Lisbon attending to his court duties, and E. G. Whittaker, secretary, was also out of town.

UNION PAPERS.
All Union papers of East Liverpool are
known to the various craft and unions of
the city by the printing of the above
Union Labels at the head of their columns

KANSAS seems to have been redeemed,
which will doubtless be a good thing
for Kansas.

ONE good result of the election will be
the retirement from public life of a few
long winded Populists whose utterances
in congress have not only made them-
selves appear ridiculous, but have cast
reflection upon the entire country be-
cause they happen to be Americans.
Only themselves will grieve to know
their period of prominence is nearing its
end.

DEMOCRACY'S FUTURE.

Whether Colonel Bryan and his
friends will endeavor to rake the free
silver issue from the dead ashes of last
Tuesday's election can be considered an
open question, but if they are wise they
will let it alone. Bryan made his politi-
cal reputation, such as it is, on that one
point, and will probably do all in his
power to commit his party to that belief
in two years, but Bryan is not all
Democracy. There are other questions
of graver import, matters which may
bring out the real statesmanship of the
party. Let us hope so, for it has already
appeared in the garments of buffoonery
too long. It should assume a position
that will admit of the country taking it
and its principles seriously.

THE COMING CONTEST.

It will not be long until the Republi-
cans of Ohio will again be in politics,
the point at issue being the gubernat-
orial candidate and candidates for
other state offices. It has been pre-
dicted that a long and bitter battle will
precede the convention, but the NEWS
REVIEW hopes the prophecy is untrue.
Party factions are never calculated to
bring about victory, and in Ohio the
wound seldom heals during the first
campaign. It may close for a time, but
there is ever enough of the old venom
to cause more or less injury before elec-
tion day. Contests for state nomina-
tions are to be expected, but open battle
filled with bitterness should never be
connected with the word Republican-
ism.

THE RESPONSIBILITY.

The fact having been established that
Republicans will control the house of
representatives, and after March 4 the
senate, it necessarily follows that all re-
sponsibility for legislation after the last
named date will rest with that party.
There is no room for believing that the
party will not take up the task cheer-
fully.

President McKinley long ago outlined
a policy, and to that he has stuck so
faithfully as to overcome the opposition
in his own party. When supported by
Republican majorities in house and sen-
ate his actions will receive official sanc-
tion. The Democrats will abuse him
and his party, and the Populists will
bray without interruption, but the
country will give little heed to their dis-
cordant tones, being busily engaged the
while watching for that which they
know will come. President McKinley
is as vigorous as he is wise, and when
given full rein will not miss the splendid
opportunity offered. Heretofore he has
stood upon the St. Louis platform. Soon
he must extend its principles, himself, a
Republican congress and the Republi-
can party as a whole bearing the respon-
sibility.

 Union Labels at the head of their columns

KANSAS seems to have been redeemed,
 which will doubtless be a good thing
 for Kansas.

ONE good result of the election will be
 the retirement from public life of a few
 long winded Populists whose utterances
 in congress have not only made them-
 selves appear ridiculous, but have cast
 reflection upon the entire country be-
 cause they happen to be Americans.
 Only themselves will grieve to know
 their period of prominence is nearing its
 end.

DEMOCRACY'S FUTURE.

Whether Colonel Bryan and his
 friends will endeavor to rake the free
 silver issue from the dead ashes of last
 Tuesday's election can be considered an
 open question, but if they are wise they
 will let it alone. Bryan made his polit-
 ical reputation, such as it is, on that one
 point, and will probably do all in his
 power to commit his party to that belief
 in two years, but Bryan is not all
 Democracy. There are other questions
 of graver import, matters which may
 bring out the real statesmanship of the
 party. Let us hope so, for it has already
 appeared in the garments of buffoonery
 too long. It should assume a position
 that will admit of the country taking it
 and its principles seriously.

THE COMING CONTEST.

It will not be long until the Republi-
 cans of Ohio will again be in politics,
 the point at issue being the gubernat-
 orial candidate and candidates for
 other state offices. It has been pre-
 dicted that a long and bitter battle will
 precede the convention, but the NEWS
 REVIEW hopes the prophecy is untrue.
 Party factions are never calculated to
 bring about victory, and in Ohio the
 wound seldom heals during the first
 campaign. It may close for a time, but
 there is ever enough of the old venom
 to cause more or less injury before elec-
 tion day. Contests for state nomina-
 tions are to be expected, but open battle
 filled with bitterness should never be
 connected with the word Republican-
 ism.

THE RESPONSIBILITY.

The fact having been established that
 Republicans will control the house of
 representatives, and after March 4 the
 senate, it necessarily follows that all re-
 sponsibility for legislation after the last
 named date will rest with that party.
 There is no room for believing that the
 party will not take up the task cheer-
 fully.

President McKinley long ago outlined
 a policy, and to that he has stuck so
 faithfully as to overcome the opposition
 in his own party. When supported by
 Republican majorities in house and senate
 his actions will receive official sanc-
 tion. The Democrats will abuse him
 and his party, and the Populists will
 bray without interruption, but the
 country will give little heed to their dis-
 cordant tones, being busily engaged the
 while watching for that which they
 know will come. President McKinley
 is as vigorous as he is wise, and when
 given full rein will not miss the splendid
 opportunity offered. Heretofore he has
 stood upon the St. Louis platform. Soon
 he must extend its principles, himself, a
 Republican congress and the Republi-
 can party as a whole bearing the respon-
 sibility.

LISBON, Nov. 11.—[Special]—It is announced that court will not be held during Thanksgiving week.

A few more treatments will remove the cause of this dreadful disease and he will enjoy once more the health and happiness of his boyhood days.
This new system of curing disease is becoming known, and patients are coming from various states for treatment.

But the Police Gathered Him in Just the Same.

At 1:30 o'clock this afternoon Doc Navajo, of Georgetown, was arrested by Officer Grim, at the corner of Third and Washington streets. He was taken to jail in the patrol and charged with being drunk and disorderly. When searched almost \$100 was found on his person. It was placed in the hands of Chief Johnson. He will be given a hearing this evening.

Only one case was disposed of by Mayor Bough this morning, and as a result the police fund was increased. Samuel Martin, who was arrested yesterday by Officer Mahony and taken to jail in the patrol, on a charge of being drunk and acting disorderly, was fined \$7.60 this morning. He lives in Chester, and several friends appeared and paid the amount.

Mulberry Sellers.

One day while Mark Twain and Charles Dudley Warner were walking together they happened to begin a discussion of the modern novel, and one of the other suggested that it might be a good plan to burlesque it. Later while journeying together to Boston this suggestion took definite shape, and on their return the work was begun, one author writing a chapter, the other taking up the threads of the story the next day, and both critically examining the result each evening and asking the opinions of their wives as to the success of each stage of the undertaking. Finally they collected all the manuscript, of which there was too great a quantity, and jointly condensed it. It was owing to a suggestion by Mr. Warner that the chief character in the tale was called Colonel Eschol Sellers, and it is a fact that the man whose name was taken—a man supposed to be long dead—made a fiery demand for satisfaction, visiting Hartford for that purpose. In later editions of the story the name "Eschol" was changed to "Mulberry."—Ladies Home Journal.

THIEVES TOOK JEWELRY

Market Street Store Burglarized Last Night.

THE SAFE WAS BROKEN OPEN

But Only a Few Old Coins Found—Then the Strangers Turned Their Attention to the Stock, and Succeeded in Getting Away.

The store of Isadore Newman, 167 Market street, was burglarized last night between 10 and 11 o'clock, and goods to the amount of \$75 were taken.

The robbery was discovered by a son of Mr. Newman who entered the alley door of the store for the purpose of turning off the lights in the window. When entering the notion department of the store he heard footsteps, and turning saw a man disappear out the door which leads to the alley. He ran after the individual, but was unable to catch him. An investigation was made, and it was found that a lot of jewelry had been taken, on which a value of \$75 was placed. The money which was in the safe during the day had been taken out and the doors were left open. The robber discovering this pried open the small drawers and took a lot of old coins. The value of these is not known at present.

The transom of the sidedoor was broken, but Chief Johnson stated this morning that this was done by an officer, who, seeing the man, tried to get in the building in this manner.

The officers are now working on the case and their present efforts will no doubt be rewarded within a few days.

BABCOCK'S FIGURES.

Claims to Be Sure of 185 Straight Republicans—Kerr Declares the Fusionists Will Control House.

WASHINGTON, Nov. 11.—Chairman Babcock of the Republican congressional committee practically completed a list of the representatives-elect to the Fifty-sixth congress. Authentic advices received by the Republican committee indicated that two districts were in doubt, viz, the Second California and the Twelfth Texas. In both, however, Mr. Babcock conceded that the chances were favorable to the Democrats. He claims neither of them. Mr. Babcock's figures showed the election of 185 straight Republicans, 163 Democrats, 6 Populists and 1 Silver Republican. These figures do not include the two doubtful mentioned. Conceding these two districts to the Democrats, as a means of reaching definite results, Mr. Babcock claimed a certain majority of 13 over all opposition.

Secretary Kerr maintained that the opposition to the Republicans would organize and control the next house of representatives. His figures indicated that the opposition would have at least 180 votes and perhaps 181.

One day while Mark Twain and Charles Dudley Warner were walking together they happened to begin a discussion of the modern novel, and one of the other suggested that it might be a good plan to burlesque it. Later while journeying together to Boston this suggestion took definite shape, and on their return the work was begun, one author writing a chapter, the other taking up the threads of the story the next day, and both critically examining the result each evening and asking the opinions of their wives as to the success of each stage of the undertaking. Finally they collected all the manuscript, of which there was too great a quantity, and jointly condensed it. It was owing to a suggestion by Mr. Warner that the chief character in the tale was called Colonel Eschol Sellers, and it is a fact that the man whose name was taken—a man supposed to be long dead—made a fiery demand for satisfaction, visiting Hartford for that purpose. In later editions of the story the name "Eschol" was changed to "Mulberry."—Ladies Home Journal.

Market Street Store Burglarized Last Night.

THE SAFE WAS BROKEN OPEN

But Only a Few Old Coins Found—Then the Strangers Turned Their Attention to the Stock, and Succeeded In Getting Away.

The store of Isadore Newman, 167 Market street, was burglarized last night between 10 and 11 o'clock, and goods to the amount of \$75 were taken.

The robbery was discovered by a son of Mr. Newman who entered the alley door of the store for the purpose of turning off the lights in the window. When entering the notion department of the store he heard footsteps, and turning saw a man disappear out the door which leads to the alley. He ran after the individual, but was unable to catch him. An investigation was made, and it was found that a lot of jewelry had been taken, on which a value of \$75 was placed. The money which was in the safe during the day had been taken out and the doors were left open. The robber discovering this pried open the small drawers and took a lot of old coins. The value of these is not known at present.

The transom of the sidedoor was broken, but Chief Johnson stated this morning that this was done by an officer, who, seeing the man, tried to get in the building in this manner.

The officers are now working on the case and their present efforts will no doubt be rewarded within a few days.

Claims to Be Sure of 185 Straight Republicans—Kerr Declares the Fusionists Will Control House.

WASHINGTON, Nov. 11.—Chairman Babcock of the Republican congressional committee practically completed a list of the representatives-elect to the Fifty-sixth congress. Authentic advice received by the Republican committee indicated that two districts were in doubt, viz, the Second California and the Twelfth Texas. In both, however, Mr. Babcock conceded that the chances were favorable to the Democrats. He claims neither of them. Mr. Babcock's figures showed the election of 185 straight Republicans, 163 Democrats, 6 Populists and 1 Silver Republican. These figures do not include the two doubtful mentioned. Conceding these two districts to the Democrats, as a means of reaching definite results, Mr. Babcock claimed a certain majority of 13 over all opposition.

Secretary Kerr maintained that the opposition to the Republicans would organize and control the next house of representatives. His figures indicated that the opposition would have at least 180 votes and perhaps 181.

LISBON, Nov. 11.—[Special]—It is announced that court will not be held during Thanksgiving week.

NOT HYPNOTIZED

But His Pain Very Soon Left Him.

A gentleman from Wellsville who had been afflicted with rheumatism for many months was given a few minutes' treatment without medicine this morning in Doctor Larkins' office. Almost instantly the pain left.

A few more treatments will remove the cause of this dreadful disease and he will enjoy once more the health and happiness of his boyhood days.

This new system of curing disease is becoming known, and patients are coming from various states for treatment.

RETURNED THE CHILD.

Infirmary Directors Will Pay For Its Keeping In This City.

The township trustees yesterday sent a 10-months-old baby to the infirmary.

A lady was sent along with the child to care for it on the journey. When they arrived at the institution the directors decided to send the child back to the city and will pay for its keeping here. The child is too young to be admitted to the children's home.

Cleaned Streets.

The heavy rain of yesterday and last night succeeded in cleaning the lower streets. All the hill streets have been cleaned of mud by the flow of water, and their condition is such that the sweeper will not be needed for several days.

But a Few Days.

A 15-year-old daughter of Mr. and Mrs. E. S. Johnson died at the home of her parents on Thompson Hill at 10 o'clock. Deceased has been ill since last Sunday evening and death was caused by stomach trouble.

HAD MONEY.

But the Police Gathered Him In Just the Same.

At 1:30 o'clock this afternoon Doc Navajo, of Georgetown, was arrested by Officer Grim, at the corner of Third and Washington streets. He was taken to jail in the patrol and charged with being drunk and disorderly. When searched almost \$100 was found on his person. It was placed in the hands of Chief Johnson. He will be given a hearing this evening.

Only one case was disposed of by Mayor Bough this morning, and as a result the police fund was increased. Samuel Martin, who was arrested yesterday by Officer Mahony and taken to jail in the patrol, on a charge of being drunk and acting disorderly, was fined \$7.60 this morning. He lives in Chester, and several friends appeared and paid the amount.

WILL GIVE THE BOND

Mr. Francis Explains to the Committee.

PAPERS ADOPTED LAST NIGHT

The Executive Committee Was Enlarged by Adding Several Prominent Men—Wellsville Will Be Asked to Contribute.

The general committee having in charge the proposed railroad from this place to Lisbon, met in council chamber in city hall last evening. The attendance was larger than at the meeting Wednesday night. The meeting was called to order by Chairman Burford. The agreement or contract which was prepared by J. L. Francis, the promoter of the road, was presented by the judiciary committee together with the report of the latter committee. This report in substance is as follows:

"The subscription paper, which we here by return, binds and obligates the subscribers thereto to the payment in full of the amounts subscribed by them within 10 days from the opening and operation of said railway upon proper notice being given to said subscribers. Said instrument also binds the person or company then in good faith owning and operating said line of railway to execute and deliver to said subscribers at the time of the payment of said subscriptions negotiable traffic certificates calling for the full amount of said subscriptions. The payment of said subscriptions will be contingent only upon the building, opening and operating of said line of railway."

Mr. Francis then stated that he would give bond for \$60,000 guaranteeing the payment of the certificates, and was willing that it be embodied in the first agreement. He also agreed to give with the bond papers guaranteeing that the road shall not pass out of the hands of the company building it.

After this had been attached to the original paper it was accepted and adopted.

A section of the first paper which Mr. Francis presented, referring to the opening of coal mines, was adopted and referred to the judiciary committee with its adoption, who will embody it in the paper they prepared for the general committee.

A motion to enlarge the executive committee carried unanimously. The following names were added: Doctor Ikirt, H. A. Keffer, J. R. Warner, Frank Sebring and W. C. Stewart.

The printing of the subscription papers and the distributing of the same was left in the hands of the secretary and Mr. Francis.

Chairman Burford stated that Wellsville should be included in the project and that it should be asked to contribute. A committee consisting of Mayor Bough, William Burford and Mr. Keffer were appointed to arrange a meeting with the Board of Improvement of that place to confer upon the subject.

MRS. GOOD'S LECTURE

Interested a Large Audience at the Second Presbyterian.

Mrs. A. C. Good delivered an address last evening on "Glimpses of Bulund," to a very large audience, considering the very bad weather. She came under the auspices of the Ladies' Missionary society of the Second Presbyterian church, East End.

Her lecture was exceedingly interesting, requiring almost an hour in its delivery. She began by telling just how to reach Africa, gave glimpses of manners and customs, climate, etc., all of which was entertaining and instructive. She dwelt particularly on the darkness of mind and the deep degradation of the people who are there without the gospel, and to what great extent the people have been lifted in these few localities where they have had missionaries. She appealed to the ladies for their sisters in Africa, to do something to bring them back to the fold. She claimed that they are susceptible to the truth and that the lack of laborers for the vineyard is at present the great drawback.

WILL GIVE THE BOND

Mr. Francis Explains to the Committee.

PAPERS ADOPTED LAST NIGHT

The Executive Committee Was Enlarged by Adding Several Prominent Men—Wellsville Will Be Asked to Contribute.

The general committee having in charge the proposed railroad from this place to Lisbon, met in council chamber in city hall last evening. The attendance was larger than at the meeting Wednesday night. The meeting was called to order by Chairman Burford. The agreement or contract which was prepared by J. L. Francis, the promoter of the road, was presented by the judiciary committee together with the report of the latter committee. This report in substance is as follows:

"The subscription paper, which we here by return, binds and obligates the subscribers thereto to the payment in full of the amounts subscribed by them within 10 days from the opening and operation of said railway upon proper notice being given to said subscribers. Said instrument also binds the person or company then in good faith owning and operating said line of railway to execute and deliver to said subscribers at the time of the payment of said subscriptions negotiable traffic certificates calling for the full amount of said subscriptions. The payment of said subscriptions will be contingent only upon the building, opening and operating of said line of railway."

Mr. Francis then stated that he would give bond for \$60,000 guaranteeing the payment of the certificates, and was willing that it be embodied in the first agreement. He also agreed to give with the bond papers guaranteeing that the road shall not pass out of the hands of the company building it.

After this had been attached to the original paper it was accepted and adopted.

A section of the first paper which Mr. Francis presented, referring to the opening of coal mines, was adopted and referred to the judiciary committee with its adoption, who will embody it in the paper they prepared for the general committee.

A motion to enlarge the executive committee carried unanimously. The following names were added: Doctor Ikirt, H. A. Keffer, J. R. Warner, Frank Sebring and W. O. Stewart.

The printing of the subscription papers and the distributing of the same was left in the hands of the secretary and Mr. Francis.

Chairman Burford stated that Wellsville should be included in the project and that it should be asked to contribute. A committee consisting of Mayor Bough, William Burford and Mr. Keffer were appointed to arrange a meeting with the Board of Improvement of that place to confer upon the subject.

MRS. GOOD'S LECTURE

Interested a Large Audience at the Second Presbyterian.

Mrs. A. C. Good delivered an address last evening on "Glimpses of Buland," to a very large audience, considering the very bad weather. She came under the auspices of the Ladies' Missionary society of the Second Presbyterian church, East End.

Her lecture was exceedingly interesting, requiring almost an hour in its delivery. She began by telling just how to reach Africa, gave glimpses of manners and customs, climate, etc., all of which was entertaining and instructive. She dwelt particularly on the darkness of mind and the deep degradation of the people who are there without the gospel, and to what great extent the people have been lifted in these few localities where they have had missionaries. She appealed to the ladies for their sisters in Africa, to do something to bring them back to the fold. She claimed that they are susceptible to the truth and that the lack of laborers for the vineyard is at present the great drawback.

Soldier Boys Well Fed by the Ladies.

PREPARATIONS AT WOOSTER

There Was Delay In Completing the Big Barracks—How the Companies Will Be Fed—News From the Eighth at Its New Station.

East Liverpool's soldier boys are now in Wooster enjoying themselves as far as the preparations for their reception will permit. When they reached Alliance yesterday morning they were marched to the First M. E. church, where they were banqueted by the ladies of the town. Company K also had a prominent part in the feast. They left Alliance early in the afternoon for Wooster, the Canton battalion being added to the train at that place.

The rain, of course, delayed the finishing touches greatly on Ohlger hall barracks at Wooster, and, while the great structure was practically completed, the work of putting in the straw for the berths could not be finished Wednesday. The top portion of the roof was still unfinished and leaked quite badly, but the roof proper was found to turn the water as well as could be expected. The tar paper, which is to turn the water from the leaky parts, was received at noon, and was put on as fast as the large force of determined workmen could put it on. The heating apparatus is working finely, and will keep the quarters comfortable. The committee on arrangements state that everything is in readiness for the regiment, and, while it is expected that there will be some confusion and delay until the soldiers are quartered, yet after the first day all will be found complete and satisfactory. Many persons were engaged during the day preparing the different buildings to be used.

That there will be great need for the hospital was demonstrated Wednesday afternoon. Private Frank Frick, of Company C, Wadsworth, took sick and was taken to the hospital by Capt. F. O. Lee. Frick had a severe chill. He was in Cincinnati, and on his way to Wooster took cold, riding "on the front end" of the train, as he expressed it.

The plan for rationing the regiment by the contractor, J. N. Grant, it is believed, will work satisfactorily. Mr. Grant will act as superintendent, and will have a force of 15 assistants in the kitchen and 15 waiters in the dining hall. Mr. Grant expects to serve 600 men at each mess, 300 upstairs and 300 downstairs. The men will march into the dining hall in single file. As each soldier enters he will be handed a tin cup of coffee and one of soup, a knife and fork and two spoons, and a plate holding the meal. The extras on the bill of fare will be served by the waiters. Bread, butter and condiments will be on the tables. The heavy cooking will be done at the preserving works, the frying and light cooking in the kitchen at the dining halls. Mr. Grant states that his contract calls for the best of young cattle. The bill of fare for the first three meals follows:

Thursday, dinner—Tomato cream soup, boiled beef, baked beans, boiled cabbage, boiled potatoes, bread, butter and coffee, pickles, preserves.

Thursday, supper—Oatmeal and milk, fried potatoes, cold beef, bread, butter and coffee, sweet pickles, catsup.

Friday, breakfast—Fried beef, potatoes, bread, butter and coffee, grapes.

Capt. H. L. Kuhns, quartermaster of the Eighth Ohio, of Canton, reached Wooster Wednesday noon.

The medical examination of the Eighth regiment will be conducted by a corps of regular army surgeons.

Capt. Harry R. Lee, U. S. A., one of the mustering officers, reached Wooster Wednesday morning.

Capt. John C. F. Tillson, with Privates Camegord and Metzengerger, of the recruiting detail of Cleveland, have gone to Wooster to open up a branch recruiting office there. The captain will endeavor to get as many recruits as possible from the Eighth Ohio infantry.

On the River.

The continued rains of yesterday and the day before have had the effect of not only checking the fall that had set in, but a good sized river is looked for today, which should extend beyond Saturday. Good barge water is a certainty, and a coal boat stage may be reached. The heaviest rains have fallen along the headwaters of the Monongahela, although it was raining yesterday at every station from Oil City to Cincinnati. The general opinion is that 12 feet would be reached before Saturday. The marks at the wharf this noon registered ten feet and rising slowly.

The Lorena, Greenwood and Cummings went up yesterday, and the two last named boats will be down tonight. Passed down—Ben Hur, Victor, Catherine Davis, Clara Ailes, Coal City and Virginia. Passed up—E. D. Roberts and Boaz.

AN OFFICE BURNED.

Bob Moore's Place of Business Was Destroyed.

The fire department at 8:30 o'clock this morning responded to an alarm caused by the burning of the coal office of Robert Moore at the foot of Broadway.

The blaze was started by an overheated flue which set fire to the roof of the building. As the building was very dry it burned like so much brush. The department made a quick run and succeeded in extinguishing the flames before the building was entirely destroyed. Moore succeeded in saving some of his books and some furniture which he had stored in the place. His loss will amount to about \$150.

Many of the Mormon elders who attended the conference held in this city several weeks ago seem to be making the most of the treatment they were accorded.

Trenton Manufacturers Would Be Chairman of

THE PROPOSED POTTERY TRUST

While Candidates For Other Places Paying Good Salaries Are Said to Be Thick In the Eastern District—They Believe It Will Be a Success.

Quietly and without a word as to the nature of his business, a man who is closely identified with the potting industry in Trenton slipped into the city yesterday. He quickly attended to the matter that brought him so far from home, and was about to return when accosted by the NEWS REVIEW. He promised to talk of the proposed pottery trust on the sole condition that his name would not be used. He said:

"Yes sir, Trenton favors the formation of the trust for a number of reasons, many of them being those that have captured the potters of Liverpool, but there are others, and I must say they are the most amusing if not the most important for they have already made a number of good men appear ridiculous. The fact is they all want positions. Some are only anxious to be retained as supernumeraries, but a number whose names are known in the potting world would like much to be chairman of the trust. They see in it not only the fattest kind of a salary with power that would turn a Turk green with envy, but it will virtually mean that the most competent man of the industry in America has at last been found. It will be an honor to the man who gets it, that every one admits, but to hear the claims and counter claims, all on the side, before the combination has really been formed is something most amusing. I have heard that a number of concerns only consented to become a part of the trust after some of their leading stockholders and had canvassed the situation and believed they or some of their friends would secure the coveted positions. Candidly I do not believe the promoters of the trust are giving that matter the slightest concern. Should the time come they will know who they want for chairman. That is part of the plan.

"I believe there will be trouble when the final appraisement is made. Some Trenton potteries are listed now at a price they could never bring if the industry was as safe as an investment in government bonds and paying as much as Standard oil. There will be some changes in estimates, I believe, before all the potteries of Trenton are in the trust."

BANQUET IN ALLIANCE

Soldier Boys Well Fed by the Ladies.

PREPARATIONS AT WOOSTER

There Was Delay In Completing the Big Barracks—How the Companies Will Be Fed—News From the Eighth at Its New Station.

East Liverpool's soldier boys are now in Wooster enjoying themselves as far as the preparations for their reception will permit. When they reached Alliance yesterday morning they were marched to the First M. E. church, where they were banqueted by the ladies of the town. Company K also had a prominent part in the feast. They left Alliance early in the afternoon for Wooster, the Canton battalion being ing added to the train at that place.

The rain, of course, delayed the finishing touches greatly on Ohliger hall barracks at Wooster, and, while the great structure was practically completed, the work of putting in the straw for the berths could not be finished Wednesday. The top portion of the roof was still unfinished and leaked quite badly, but the roof proper was found to turn the water as well as could be expected. The tar paper, which is to turn the water from the leaky parts, was received at noon, and was put on as fast as the large force of determined workmen could put it on. The heating apparatus is working finely, and will keep the quarters comfortable. The committee on arrangements state that everything is in readiness for the regiment, and, while it is expected that there will be some confusion and delay until the soldiers are quartered, yet after the first day all will be found complete and satisfactory. Many persons were engaged during the day preparing the different buildings to be used.

That there will be great need for the hospital was demonstrated Wednesday afternoon. Private Frank Frick, of Company C, Wadsworth, took sick and was taken to the hospital by Capt. F. O. Lee. Frick had a severe chill. He was in Cincinnati, and on his way to Wooster took cold, riding "on the front end" of the train, as he expressed it.

The plan for rationing the regiment by the contractor, J. N. Grant, it is believed, will work satisfactorily. Mr. Grant will act as superintendent, and will have a force of 15 assistants in the kitchen and 15 waiters in the dining hall. Mr. Grant expects to serve 600 men at each mess, 300 upstairs and 300 downstairs. The men will march into the dining hall in single file. As each soldier enters he will be handed a tin cup of coffee and one of soup, a knife and fork and two spoons, and a plate holding the meal. The extras on the bill of fare will be served by the waiters. Bread, butter and condiments will be on the tables. The heavy cooking will be done at the preserving works, the frying and light cooking in the kitchen at the dining halls. Mr. Grant states that his contract calls for the best of young cattle. The bill of fare for the first three meals follows:

Thursday, dinner—Tomato cream soup, boiled beef, baked beans, boiled cabbage, boiled potatoes, bread, butter and coffee, pickles, preserves.

Thursday, supper—Oatmeal and milk, fried potatoes, cold beef, bread, butter and coffee, sweet pickles, catsup.

Friday, breakfast—Fried beef, potatoes, bread, butter and coffee, grapes.

Capt. H. L. Kuhns, quartermaster of the Eighth Ohio, of Canton, reached Wooster Wednesday noon.

The medical examination of the Eighth regiment will be conducted by a corps of regular army surgeons.

Capt. Harry R. Lee, U. S. A., one of the mustering officers, reached Wooster Wednesday morning.

Capt. John C. F. Tillson, with Privates Cumegord and Metzenger, of the recruiting detail of Cleveland, have gone to Wooster to open up a branch recruiting office there. The captain will endeavor to get as many recruits as possible from the Eighth Ohio infantry.

On the River.

The continued rains of yesterday and the day before have had the effect of not only checking the fall that had set in, but a good sized river is looked for today, which should extend beyond Saturday. Good barge water is a certainty, and a coal boat stage may be reached. The heaviest rains have fallen along the headwaters of the Monongahela, although it was raining yesterday at every station from Oil City to Cincinnati. The general opinion is that 12 feet would be reached before Saturday. The marks at the wharf this noon registered ten feet and rising slowly.

The Lorena, Greenwood and Cummings went up yesterday, and the two last named boats will be down tonight.

Passed down—Ben Hur, Victor, Catherine Davis, Clara Ailes, Coal City and Virginia.

Passed up—E. D. Roberts and Boaz.

AN OFFICE BURNED.

Bob Moore's Place of Business Was Destroyed.

The fire department at 8:30 o'clock this morning responded to an alarm caused by the burning of the coal office of Robert Moore at the foot of Broadway.

The blaze was started by an overheated fine which set fire to the roof of the building. As the building was very dry it burned like so much brush. The department made a quick run and succeeded in extinguishing the flames before the building was entirely destroyed. Moore succeeded in saving some of his books and some furniture which he had stored in the place. His loss will amount to about \$150.

A MORMON STORY.

They Say a Church Has Been Formed In This Place.

Many of the Mormon elders who attended the conference held in this city several weeks ago seem to be making the most of the treatment they were accorded.

It is being published throughout the state, wherever the elders happen to be, that a strong church has been founded in East Liverpool and the membership is constantly increasing. It will be remembered that Elder Kelsch, who was the leading man at the conference, refused to state whether a church would be established in this city during this year.

St. Stephen's parish house was well filled with an interested audience last night, the occasion being the delivery of a lecture on the subject, "The Genius of Expression," by Rev. C. Roberts.

The gentleman spoke for an hour and a quarter, and at the close of the lecture he was tendered a vote of thanks. All present expressed their gratification.

Trenton Manufacturers Would Be Chairman of

THE PROPOSED POTTERY TRUST

While Candidates For Other Places Paying Good Salaries Are Said to Be Thick In the Eastern District—They Believe It Will Be a Success.

Quietly and without a word as to the nature of his business, a man who is closely identified with the potting industry in Trenton slipped into the city yesterday. He quickly attended to the matter that brought him so far from home, and was about to return when accosted by the NEWS REVIEW. He promised to talk of the proposed pottery trust on the sole condition that his name would not be used. He said:

"Yes sir, Trenton favors the formation of the trust for a number of reasons, many of them being those that have captured the potters of Liverpool, but there are others, and I must say they are the most amusing if not the most important for they have already made a number of good men appear ridiculous. The fact is they all want positions. Some are only anxious to be retained as supernumeraries, but a number whose names are known in the potting world would like much to be chairman of the trust. They see in it not only the fattest kind of a salary with power that would turn a Turk green with envy, but it will virtually mean that the most competent man of the industry in America has at last been found. It will be an honor to the man who gets it, that every one admits, but to hear the claims and counter claims, all on the side, before the combination has really been formed is something most amusing. I have heard that a number of concerns only consented to become a part of the trust after some of their leading stockholders and had canvassed the situation and believed they or some of their friends would secure the coveted positions. Candidly I do not believe the promoters of the trust are giving that matter the slightest concern. Should the time come they will know who they want for chairman. That is part of the plan.

"I believe there will be trouble when the final appraisal is made. Some Trenton potteries are listed now at a price they could never bring if the industry was as safe as an investment in government bonds and paying as much as Standard oil. There will be some changes in estimates, I believe, before all the potteries of Trenton are in the trust."

A TINPLATE TRUST.

The \$50,000,000 of Capitol Stock Already Said to Be Oversubscribed.

CHICAGO, Nov. 11.—According to a local financial news bureau, the consolidation of the tinplate industry of the United States is practically assured. The Chicago promoters say the \$50,000,000 of capital stock has already been oversubscribed.

Pennsylvania Bankers.

HARRISBURG, Nov. 11.—The first annual convention of the State Bankers' association opened in this city. President Hackett read his annual address, in which he referred to the part taken in the late war by the bankers in the liberal response for subscriptions for bonds. Secretary Edward Reminger of Allentown reported 406 members in good standing, and Treasurer D. McK. Lloyd said the financial condition of the association was very flattering.

Rev. Dr. John Fox Appointed.

NEW YORK, Nov. 11.—The Rev. John Fox, D. D., of Brooklyn, formerly pastor of the North Presbyterian church, Allegheny City, has been elected corresponding secretary of the American Bible society, to fill the vacancy occasioned by the death of Dr. Alexander McLean, who died in March last.

GEN. MILES' REPORT.

Much of the Information in It Had Already Been Published. Some Recommendations.

WASHINGTON, Nov. 11.—The report of Major General Miles, commanding the United States army, was made public by direction of Secretary Alger.

Regarding the war with Spain the report deals with the plans of campaign and war preparations; with the Santiago campaign; with General Miles' operations in Porto Rico and, lastly, with the important changes in existing organization which are, in General Miles' opinion, necessary to make the army an effective weapon for the defense of the country.

There is an entire absence of any evidence of direct criticism, though certain sentences in the report are italicized, in an apparent desire to justify previously expressed plans of details of the campaigns, and, where it deals with events, the document is largely made up of a quotation of official dispatches.

Much of it was made public during the exploitation of the controversy between General Miles and Secretary Alger in the newspapers. General Miles again shows, as he did then, that he was recognized by Secretary Alger as the head of the army, over Shafter, in spite of Alger's statement to the contrary. Most of the dispatches were printed in the interviews secured by the correspondent of a Kansas City paper and also the facts in an interview given out by General Miles on his return from Porto Rico, most all printed in these dispatches at the time.

After dealing with the Porto Rico campaign, he mentions by name specially the officers of his staff and the general officers engaged and recommends a small list of officers for promotion and brevets.

Generalizing upon results, the report reads:

"It is gratifying to record that during the war not a single defeat has been met and not a prisoner, color, gun or rifle has been captured by the enemy. In this respect the war has been most remarkable and, perhaps, unparalleled. Under all circumstances and in spite of many most trying difficulties the troops have maintained the fortitude of the American character and the honor of their arms."

General Miles closes his report with some earnest recommendations for the improvement of the military service.

He trusts the experience of the last few months will be valuable to the people and to the government. The value of coast defenses, he says, has been proven and the system should be completed without delay.

He favors the adoption of a standard of strength for the army to meet the country's growth and suggests that it be one soldier for every 1,000 population, yielding a force of 62,579. While this force is already provided for, unfortunately the authorizing act requires the army to be reduced to its former inadequate basis on the termination of the war.

General Miles, in conclusion, recommends the authorization of an auxiliary force of native troops in Cuba, Porto Rico and the Philippines, to be officered by United States army officers and not exceeding two soldiers for 1,000 population of the islands, and all of these increases, he urges, should be made at once, as they are of vital importance.

THE ADVERTISERS.

The Evening News Review has the largest bona-fide PAID daily circulation of any paper published in East Liverpool, and the largest circulation in Wellsville of any daily paper published in East Liverpool. Keen witted and wide awake business men and advertisers will make note of these facts.

HARRY PALMER,

TO BUSINESS MEN.

The combination prices of the NEWS REVIEW, advertisement in paper and bills from said advertisement, are cheaper than any other daily paper in the city, while the workmanship, material and inks made use of are incomparably superior to those of would-be competitors. Test the matter. We will prove the truth of our assertion.

The King's Daughters Wednesday evening surprised Mrs. Taylor and Mrs. Milligan at their homes in Jackson street, and a delightful evening was spent.

The dog case last evening in the court of Squire Hill was well attended, and resulted in the dog being given to Paul Kinsey, as it was proven Gourley had no right to sell it to Weaver.

A very pleasant surprise party was given Wednesday evening at the home of Basil Rough, Grant street, in honor of Orville J. McKinnon and he was presented with a handsome gold ring.

The Cleveland and Pittsburg pay car passed through the city yesterday afternoon and distributed to the employees the wages for the month of October. The car was a few days later this month than usual.

John Rowe, formerly of the pottery manufacturing concern of Rowe & Mountford, was in the city from Zanesville today on business. He is prominently identified with the tile industry in that place.

An old woman was standing at Fourth and Washington streets early last evening when a gust of wind turned her umbrella inside out. She appealed to a passerby for assistance, and was soon set right.

Thomas McKeever was given a night's lodging in the jail, last evening, at the request of the township trustees. This morning he was released and was given papers necessary for his admission to the county infirmary.

Fred Turnbull, of Gardendale, who has been very ill for several weeks suffering with a complication of diseases, is much improved. His condition is so changed that his recovery is but the matter of a few weeks.

J. F. Aden, who has been here for some time representing a Kentucky clay mining concern, has returned to his home in Paris Tenn. While here Mr. Aden made many friends, and he leaves with the hearty good wishes of all with whom he came in contact. He in turn looks upon East Liverpool as one of the finest towns on the map.

Colonel Tobe Blumenthal, always an uncompromising Democrat, has been compelled to resort to a little of his knowledge of Mexico in meeting the railery of his political foes. "Chihuahua, Zacatecas and Guadalajara have gone Democratic anyway," he declares with a bland smile as he leans over the counter at the Thompson House. It usually silences the foe.

GEN. MILES' REPORT.

Much of the Information in It Had Already Been Published—Some Recommendations.

WASHINGTON, Nov. 11.—The report of Major General Miles, commanding the United States army, was made public by direction of Secretary Alger.

Regarding the war with Spain the report deals with the plans of campaign and war preparations; with the Santiago campaign; with General Miles' operations in Porto Rico and, lastly, with the important changes in existing organization which are, in General Miles' opinion, necessary to make the army an effective weapon for the defense of the country.

There is an entire absence of any evidence of direct criticism, though certain sentences in the report are italicized, in an apparent desire to justify previously expressed plans of details of the campaigns, and, where it deals with events, the document is largely made up of a quotation of official dispatches.

Much of it was made public during the exploitation of the controversy between General Miles and Secretary Alger in the newspapers. General Miles again shows, as he did then, that he was recognized by Secretary Alger as the head of the army, over Shafter, in spite of Alger's statement to the contrary. Most of the dispatches were printed in the interviews secured by the correspondent of a Kansas City paper and also the facts in an interview given out by General Miles on his return from Porto Rico, most all printed in these dispatches at the time.

After dealing with the Porto Rico campaign, he mentions by name specially the officers of his staff and the general officers engaged and recommends a small list of officers for promotion and brevets.

Generalizing upon results, the report reads:

"It is gratifying to record that during the war not a single defeat has been met and not a prisoner, color, gun or rifle has been captured by the enemy. In this respect the war has been most remarkable and, perhaps, unparalleled. Under all circumstances and in spite of many most trying difficulties the troops have maintained the fortitude of the American character and the honor of their arms."

General Miles closes his report with some earnest recommendations for the improvement of the military service.

He trusts the experience of the last few months will be valuable to the people and to the government. The value of coast defenses, he says, has been proven and the system should be completed without delay.

He favors the adoption of a standard of strength for the army to meet the country's growth and suggests that it be one soldier for every 1,000 population, yielding a force of 62,579. While this force is already provided for, unfortunately the authorizing act requires the army to be reduced to its former inadequate basis on the termination of the war.

General Miles, in conclusion, recommends the authorization of an auxiliary force of native troops in Cuba, Porto Rico and the Philippines, to be officered by United States army officers and not exceeding two soldiers for 1,000 population of the islands, and all of these increases, he urges, should be made at once, as they are of vital importance.

BOTH CLAIM CONTROL

Narrow Margin For Either Party In West Virginia Legislature.

CHARLESTON, W. Va., Nov. 11.—The Republicans have a majority of six in the state senate. They claim a majority of one in the lower house, which would give them a majority of seven on joint ballot. The Democratic state committee claim a majority of one on joint ballot.

If the two senators just elected by the Democrats to take the places of Senators Pierson and Getzendanner are seated, the senate would stand Republicans, 14; Democrats, 12. The Republicans will not admit that there are any vacancies in the senate on account of Senators Pierson and Getzendanner being volunteer soldiers.

Most of the Mexicans taken prisoners during the Revolutionary war became settlers in Virginia.

QUAY OFFERS REWARD.

\$10,000 For Proof of Attempt to Bribe Legislators.

A CANDIDATE FOR RE-ELECTION.

Claims He Has Enough Friends in the Legislature to Win—Recent Campaign a Man-Hunt—Villified and Misrepresented. Slap at Van Valkenberg.

PHILADELPHIA, Nov. 11.—Senator Quay, accompanied by Senator Penrose, left for Florida, where they will recover from the fatigues of the campaign at the senior senator's San Lucie cottage. Senator Quay will also entertain Senator Vest of Missouri. His two sons, Major A. G. C. Quay and Richard R. Quay, and his brother will also be members of the party.

Before leaving Senator Quay gave out a statement regarding the election and campaign, saying in part:

"Those engaged in the warfare against the Republican candidates and against those conspicuous in the councils of the party cast issues and principles to the four winds, and the contest was a man hunt pure and simple. Villification and misrepresentation took the place of argument and logic, and the passion of man was appealed to rather than his reason.

"The result in Pennsylvania is not only personally gratifying to me, but it must be to every fair-minded Republican in the state. The sovereign people have, by their emphatic verdict, set the seal of condemnation upon the hideous methods of campaigning resorted to in the late contest by the enemies of the Republican party, the falsifier, the scandal monger, the libeler has been repudiated by the people.

"Despite the extraordinary efforts to defeat Republican candidates for the legislature, which have been successful in a number of counties, the general assembly will be overwhelmingly Republican, the political complexion of the bodies being as follows: Senate—Republicans, 38; Democrats, 12. House—Republicans, 127; Democrats, 74; independents, 3. The legislature will comprise therefore 165 Republicans, 86 Democrats and 3 independents, a Republican majority on joint ballot of 76, or nearly two-thirds. Regarding the United States senatorship, I can only say this: All of my friends have been aware of my personal antipathy to another term in the senate, but those prominent in the late crusade against the Republican state and legislative candidates choose to force the issue. They have made it imperative that I shall be a candidate for re-election. The gauge of battle is accepted.

"The result is in the hands of the incoming legislature, a very large proportion of whom are my political and personal friends. Of the result there can be no possible doubt. Throughout the campaign just closed enormous sums of money were used to defeat Republican legislative candidates. I have no doubt efforts will be made to tamper with some of the members elected, but they will not be successful. The attempt to purchase the United States senatorship two years ago did not succeed then, nor will a similar attempt succeed now, bargain counter methods having been repudiated by the people of this state.

"Should, however, any attempt be made to bribe legislators elect, the same leniency will not be shown as in the Van Valkenberg case. That there may be no mistake regarding my position in this matter, I hereby offer a reward of \$10,000 for information leading to the arrest and conviction of anyone endeavoring to bribe any state senator or representative-elect. The money for payment of the reward is on deposit with George A. Hahn & Sons, bankers and brokers, Philadelphia.

"M. S. QUAY."

HORRIBLE NEGLECT.

A Female Preacher Told of Awful Lack of Care of Sick at Camp Thomas. Other Witnesses.

DETROIT, Nov. 11.—General Dodge, Colonel Sexton and Dr. Connor of the war investigating commission arrived here from Chicago and began to take testimony. Major Corliss, Captain Booth and Lieutenant Rosenbaum of the Seventh regiment testified. They agreed that under the circumstances the troops were fairly well treated. The only criticism was mistreatment on transports and crowding of men aboard.

Captain Charles A. Booth, Seventh infantry, testified that he returned with three odd companies aboard the auxiliary cruiser Prairie, which had no accommodations for carrying troops. There were no regular nurses aboard, and the two doctors, witness considered, were young and inexperienced. One of them was ill. Captain Booth said the men were all in such miserable condition from malarial poisoning on reaching Montana that their stomachs would retain nothing.

Rev. Helen Stuart Richards of Boston was at Camp Thomas, where she voluntarily helped care for the soldiers from June 9 to Aug. 4. She said in part: "In the second division, Third corps hospital, I would mention the general dirt and disorder, the lack of quiet, the absence of disinfectants and the horri-

ble stench. Patients were frequently filthy and they were very infrequently bathed.

"I found patients with their eyes, nostrils and mouths full of horrible flies. Mosquito netting was there, but it was not always in use; there was utter neglect to put the mosquito netting down, where it would relieve the men."

HELD UP BY BANDITS.

A Great Northern Train Robbed Near Fergus Falls, Minn.—Considerable Money Probably Gotten.

FERGUS FALLS, Minn., Nov. 11.—A Great Northern train was held up and robbed about five miles west of here. There were eight robbers in the gang, all well armed.

The local safe was destroyed, and it was thought that they succeeded in securing considerable money, but the exact amount cannot be learned. The through safe was drilled and dynamited, four charges being used. The jacket was blown off, but it was found impossible to reach the inner part and get at the cash.

Some of the gang worked over it nearly two hours, holding the train for that length of time, but gave up finally, and joining their companions on the outside started south. The two men, who stood guard over the engineer, compelled him to give up \$20 which he had on his person. The express car had been somewhat wrecked by the explosion, but the trainmen managed to get it to Carlisle, where it was patched up and the train proceeded on its westward journey.

TROOPS HURRY SOUTHWARD.

General Young Expects to Have His Corps in Camp by Wednesday.

CAMP MEADE, MIDDLETOWN, Pa., Nov. 11.—The general movement of the Second army corps south began with departure of the Thirty-fifth Michigan regiment for Augusta, Ga. A surgeon was assigned to each section and a hospital car was attached to the rear of the third section.

The Second Tennessee regiment struck its tents and started for Columbia, S. C. Two and three regiments will be started away from here daily, and if there is no delay on the southern railroads General Young expects to have his entire corps of 25,000 troops in the southern camps by next Wednesday.

A board of surgeons was appointed by Adjutant General Stewart to examine Dr. Hill of Pittsburg and Dr. Miller of New Castle, who have been recommended by Colonel Glenn for assistant surgeons of the Fourteenth regiment.

FRIENDLY TO SPAIN.

Paris Paper Says Intended Visit of Kaiser to Spain Is an Indication.

PARIS, Nov. 11.—The Gaulois intimates that there might be a possibility of European intervention in the Philippines, although the paper doubts if there will be such action in view of the differences which divide France, Great Britain and Russia. Germany alone, according to the Gaulois, seems disposed to offer aid to Spain, saying:

"The expected arrival of Emperor William at Cadiz and his probable visit to the queen regent are sufficiently significant indications of his friendly disposition to Spain."

VIRULENT ATTACKS ON AMERICA.

Spanish Papers Regaling Their Readers With Slush.

MADRID, Nov. 11.—The Madrid newspapers are regaling their readers with virulent attacks upon everything American. They assert that "owing to the brutality of the American soldiery, brigandage is rife in the interior of Porto Rico and many residents are quitting their homes."

They compare the "present disorder" with the "tranquility under Spanish rule."

With regard to the Philippines, they reiterate that "America's demands will not be tolerated."

Ordered Convicted Prisoners Discharged

HOLLIDAYSBURG, Pa., Nov. 11.—Two sensational homicide cases in the Blair county courts ended when Frank Wilson and James Farrell, charged with the murder of Henry Bonnecke were discharged. Both men had been convicted of the charge, but the supreme court ordered new trials in their cases. District Attorney Hammond claimed that the second trial was useless under the rulings of the higher court, and upon his motion the court ordered the release of Wilson and the commitment of Farrell to the Western penitentiary to serve out a sentence for a separate crime.

Emperor William's Tour.

BAALBEK, Syria, Nov. 11.—Emperor William and Empress Augusta Victoria left Damascus, lunched at Balaka and arrived here after a four hours' ride.

Democrats will control Montana legislature.

Governorship result close in Nevada.

Republicans will have a majority in Washington legislature on joint ballot.

WHITE MEN CONTROL.

Substituted Their Own Government, at Wilmington, N. C.

NINE NEGROES WERE KILLED.

This the Result of the Race Trouble in That Place—Three White Men Wounded. The Substitute Mayor Prevented a Lynching—Troops Ordered.

WILMINGTON, N. C., Nov. 11.—The city is in the hands of a new municipal government and law and order is being established. The board of aldermen resigned one by one. As each alderman vacated the remainder elected a successor, named by the citizens' committee, until the entire board was changed legally. They resigned in response to public sentiment. The new board is composed of conservative Democratic citizens.

The mayor and chief of police then resigned and the new board elected their successors, according to law. Ex-Representative Waddell was elected mayor and E. G. Parmelee chief of police. The first act of the new government was to swear in 250 special policemen, chosen from the ranks of reputable white citizens. They are vested with all the authority of the law and will take charge of the city. The citizens' committee will remain on guard, however, throughout the town to prevent possible attempts at incendiarism. The new government will devote its attention to restraining recklessness among the whites as well as keeping down lawlessness among the negroes.

The trouble in Wilmington commenced when an armed body of citizens, numbering about 400, and led by ex-Representative Waddell, chairman of a committee of 25 appointed for the purpose, proceeded to the publishing house of a negro newspaper, The Record, to wreck it. The editor of this paper had published an article defamatory of white women and a mass meeting of citizens ordered his expulsion from the city within 24 hours and the removal of his press. Fifteen leading negroes were called in by the committee of 25 and directed to notify the chairman next morning whether they would agree to the removal of the press. They were informed that if no answer was returned the press would be demolished.

No answer was received by the chairman, and after waiting awhile, the citizens proceeded in a body and demolished the fixtures of the printing office. The building was also fired and gutted. The leaders say this action was the work of irresponsible persons, and as soon as the fire was discovered the fire department was called to extinguish it.

The burning of the printing office created a great commotion among the negroes of the town. The rumor spread that the whites were going to burn and murder in the negro quarters. This rumor reached the negro employees of a cotton compress, numbering 300 or 400, who quit work and hung about the streets in manifest terror. Other parties congregated in the negro section and it was in one of these that the first tragedy was enacted. The men were standing on a corner and were ordered to disperse. They declined and, it is claimed, fired into the whites.

A fusillade was immediately opened upon them by the whites and three negroes were killed. Two whites were wounded slightly. One negro ran down the street and, passing a residence, fired a rifle at William Mayo, white, standing on the veranda, shooting him through the left lung. This negro was recognized, pursued and captured while hiding under a bed. It is said he confessed to the shooting. He was riddled with shot by his captors and killed.

In the meantime the town was in a state of excitement. The whites rushed to the scene from every direction, the local military company was ordered out and a battalion of United States naval reserves proceeded to the vicinity of the trouble with a rapid firing gun.

Negroes in a house fired upon a passing party of white men. The house was surrounded and four negroes captured and taken to the jail. One negro broke away and ran, but was shot down and killed before he had proceeded half a block.

There were other affairs of this kind, and eight negroes were killed during various times in the disturbed sections and three white men wounded. Their names at this time are unknown.

As the news of the riot spread through the neighbor state cities they offered to send help, and all such offers were declined, except in the case of Fayetteville, from which town came about 150 men.

As night fell the town was completely patrolled and guarded. Very few negroes were on the streets and they were not allowed to congregate anywhere.

The action of the citizens in organizing a new municipal government is expected to bring peace and order.

It developed later that the negro committee summoned had agreed to use their good offices to have the press removed, although the editor had disappeared and they had no authority on the premises. This letter, instead of being delivered to the chairman of the committee of 25 in person, was put in the mail and did not reach him till three hours after the expiration of the

time limit which had been fixed for the reception of the answer.

A crowd was formed to take from the jail and lynch two negroes, Thomas Miller and Ira Bryant, who were arrested charged with making threats and were regarded as dangerous cases. The mayor, Colonel Waddell, promptly prohibited the assembling of the crowd at the jail and he himself headed a guard of 25 men with Winchesters to guard the prisoners.

Another negro was killed at Tenth and Mulberry streets. He was hailed by a guard, but refused to halt, and, continuing to advance, was shot by the guard.

Three companies of state militia are expected from neighboring cities to aid in maintaining order.

AGAIN AFTER THE STANDARD.

Ohio's Attorney General Brought Suit Against the Union Tank Company.

CLEVELAND, Nov. 11.—State Attorney General Monnett announced that he had filed another petition against a branch of the Standard Oil company in the Ohio supreme court. The case this time is against the Union Tank Line company, which is incorporated under the laws of New Jersey, and which came into existence very shortly after the decree of the supreme court of this state ordering the Standard Oil company to wind up its affairs.

The stockholders of the Union Tank company are practically the same as those of the Standard Oil company and, according to the attorney general's claim, the company was organized simply for the purpose of furthering the Standard company in its efforts to evade the decision of the supreme court. The petition asks that the defendants be compelled to show cause why they should not be ousted from doing business in Ohio.

A Receiver Appointed.

CLEVELAND, Nov. 11.—W. J. Hart was appointed receiver of the Enterprise Manufacturing company of Akron. Bond was required in the sum of \$100,000. The appointment was made on application of the Detroit Copper and Brass Rollingmills company and T. A. Roletier, creditors of the company.

REFUSED PASSPORTS.

Turkey Would Not Give Them to Missionaries.

ALL OF THEM WERE AMERICANS.

They Started For the Interior Without Them—The Party Under the Special Escort of a Representative of the United States Legation.

BOSTON, Nov. 11.—The American board of foreign missions received word that a party of missionaries, some of them returning to their homes in Turkey, others going out for the first time, all having been refused passports by the Turkish government, are just starting for the interior without them, but under the special escort of the representative of the United States legation.

SEVERE GALE ON LAKES.

Vessel Went Down on Michigan—One Ashore on Huron and Others Missing—Crews Probably Lost.

PORT HURON, Mich., Nov. 11.—The steamer C. F. Curtis and three consorts, bound down, were struck by the gale on Lake Huron, near Sand Beach.

The Fassett finally went ashore near Sand Beach and the lifesaving crew got all the men off. The Holland and Reed have not reached here at a late hour and fears were entertained for their crews. Tugs have been sent out to search for the missing boats.

CHICAGO, Nov. 11.—Waterlogged and unfit to weather a storm upon the lakes the S. Thal, a tramp two-masted schooner foundered off Glenocoe in the gale of Wednesday night and went to pieces in the surf. Five of crew probably lost.

MICHIGAN CITY, Ind., Nov. 11.—A schooner went ashore five miles north of New Buffalo, Mich. Just before dark four men were seen hanging to the rigging. The lifesaving crew from St. Joseph was then making an effort to rescue them. The vessel is thought to be the Lena M. Neilson.

Christmas Trees In a Wreck.

GLENCOE, Ill., Nov. 11.—The Hall, a two-masted schooner loaded with Christmas trees, was wrecked on the beach here. She carried a crew of about five, all of whom are supposed to have perished.

THE EMPRESS' ASSASSIN.

Luccheni Sentenced to Imprisonment For Life—His Predictions as to Other Assassinations.

GENEVA, Nov. 11.—Luigi Luccheni, the Italian anarchist, who assassinated Empress Elizabeth of Austria on Sept. 10 last, in this city, was sentenced to imprisonment for life.

Luccheni admitted that he came to Geneva in order to kill the Duke of Orleans, but arrived too late. In spite of this the duke, he said, would be killed within a year.

He also said that if he had possessed 50 francs on the morning of the assassination, instead of killing the empress of Austria, he would have started for Italy with the intention of killing King Humbert. He added: "It does not matter, however, as another will kill Humbert shortly."

When full penalty allowed by the Swiss law was imposed upon him, Luccheni laughed and cried loudly "long live anarchy" and "death to aristocracy."

TEN NEGROES DEAD.

At Least That Many Killed Near Greenwood, S. C.

GREENWOOD, S. C., Nov. 11.—Five negroes lay dead at Rehobeth all day along the roadside, another was killed and likely four others are dead and lost in the woods. One white man was buried, three others lie at the point of death and more have been wounded.

Four heads of families have left the country and armed troops of countrymen are scouring the country hunting other victims. All of this is the outcome of an election row. One negro has also been killed and two lynched near Phoenix.

A Soldier Badly Hurt.

KANSAS CITY, Nov. 11.—Charles W. Young, a corporal in Company C, Fifth Missouri volunteers, mustered out, had his skull crushed, the result of a saloon row. Bartender Ragsdale is under arrest. Examiner Boden Tells Judge Smith What He Found of Former Cashier Child's Belongings In the Lisbon Bank, and Expressed an Opinion.

LISBON, Nov. 11.—[Special]—The president of the First National bank, Examiner Boden and A. G. Smith were examined in common pleas court as to the property belonging to M. J. Child but now in their possession.

President R. B. Richards testified that Child left the bank Oct. 20. "Is he a defaulter?" asked Judge Smith.

"He left the bank in very bad condition. He must be indebted largely to the bank," was the reply.

Mr. Pritchard knew nothing of the \$7,500 mortgage on the O'Mara property in Youngstown, the story of which was told a few days ago.

W. E. Boden said he was the government examiner in charge of the bank. His charge includes all assets and anything that may be found in the bank, under the direction of the comptroller of the currency. He examined the contents of the tin box of which so much has been said, in the presence of Mrs. Mathews, daughter of the absent cashier. He found that it contained 80 old 50-cent pieces, some shiplasters, a \$10 gold piece marked "Pike's Peak gold," three gold pens, and two certificates of stock of the Lisbon Gas company. One of these was for \$1,500 and the other for \$4,400, the latter being preferred stock. One was endorsed Oct. 19 to Belle Child but is not signed. The other is endorsed and signed on the same date. In answer to a direct question Mr. Boden said:

"The indications are that Child is a fugitive from justice and he is indebted to the bank heavily."

A. G. Smith, manager of the gas company, said the certificates were issued to Child Jan. 17, 1898, but no transfer appears on the books of the company, although a book is kept for that purpose.

Attorney Martin asked for an order to have Sheriff Gill take charge of the box, but after having a talk with Mr. Boden he said he would not ask for the order now, as it might conflict with orders issued by the comptroller of the currency. The case was continued.

I. B. Cameron took charge yesterday of the bank's affairs. Mr. Boden will probably remain until Saturday to lend what assistance is in his power.

WELLSVILLE.

DEWEY GLASS COMPANY

Will Be the Name of the New Concern.

PARTIES WERE IN TOWN

Conferring With the Board of Improvement--Old Resident of the Scotch Settlement Passed Away--All the News of Wellsville.

A. Pluemer arrived on the noon train yesterday from Cincinnati. With him came the construction engineer, whose home is in Pittsburg. A meeting was held at 2 o'clock in Judge Smith's office, at which were as many of the members of the board as could be hastily summoned. Judge Smith was in Lisbon attending to his court duties, and E. G. Whittaker, secretary, was also out of town.

No new business was done, but the members of the Improvement company were assured that no new complications had arisen, and that when he returned to Cincinnati after his last trip here everything had been found to be entirely satisfactory to the firm of which he was a member.

The new firm will be known by the patriotic name of the Dewey Glass company. From here Mr. Pluemer and his engineer proceeded to Pittsburg, where material will be secured, and plans laid which will very soon result in the workmen beginning work on the grounds in West End.

UNION PAPERS.
All Union papers of East Liverpool are
known to the various craft and unions of
the city by the printing of the above
Union Labels at the head of their columns

KANSAS seems to have been redeemed,
which will doubtless be a good thing
for Kansas.

ONE good result of the election will be
the retirement from public life of a few
long winded Populists whose utterances
in congress have not only made them-
selves appear ridiculous, but have cast
reflection upon the entire country be-
cause they happen to be Americans.
Only themselves will grieve to know
their period of prominence is nearing its
end.

DEMOCRACY'S FUTURE.

Whether Colonel Bryan and his
friends will endeavor to rake the free
silver issue from the dead ashes of last
Tuesday's election can be considered an
open question, but if they are wise they
will let it alone. Bryan made his politi-
cal reputation, such as it is, on that one
point, and will probably do all in his
power to commit his party to that belief
in two years, but Bryan is not all
Democracy. There are other questions
of graver import, matters which may
bring out the real statesmanship of the
party. Let us hope so, for it has already
appeared in the garments of buffoonery
too long. It should assume a position
that will admit of the country taking it
and its principles seriously.

THE COMING CONTEST.

It will not be long until the Republi-
cans of Ohio will again be in politics,
the point at issue being the gubernatorial
candidate and candidates for
other state offices. It has been pre-
dicted that a long and bitter battle will
precede the convention, but the News
Review hopes the prophecy is untrue.
Party factions are never calculated to
bring about victory, and in Ohio the
wound seldom heals during the first
campaign. It may close for a time, but
there is ever enough of the old venom
to cause more or less injury before elec-
tion day. Contests for state nomina-
tions are to be expected, but open battle
filled with bitterness should never be
connected with the word Republican-
ism.

THE RESPONSIBILITY.

The fact having been established that
Republicans will control the house of
representatives, and after March 4 the
senate, it necessarily follows that all re-
sponsibility for legislation after the last
named date will rest with that party.
There is no room for believing that the
party will not take up the task cheer-
fully.

President McKinley long ago outlined
a policy, and to that he has stuck so
faithfully as to overcome the opposition
in his own party. When supported by
Republican majorities in house and senate
his actions will receive official sanc-
tion. The Democrats will abuse him
and his party, and the Populists will
bray without interruption, but the
country will give little heed to their dis-
cordant tones, being busily engaged the
while watching for that which they
know will come. President McKinley
is as vigorous as he is wise, and when
given full rein will not miss the splendid
opportunity offered. Heretofore he has
stood upon the St. Louis platform. Soon
he must extend its principles, himself, a
Republican congress and the Republi-
can party as a whole bearing the respon-
sibility.

NO COURT

Will Be Held In Lisbon Thanksgiving Week.

LISBON, Nov. 11.—[Special]—It is announced that court will not be held during Thanksgiving week.

Twelve names were drawn from the jury wheel last night. They will appear Nov. 14.

A transcript from the court of Squire Hill, Liverpool, says Mary Bowers charges William Petticord with being responsible for her condition.

Josephine G. Thomas has sued J. E. McDonald and John Shrader for \$750, the price of lot 3 in Chester. She says she was given a deed, but the land with other property was conveyed to William Croxall who has since sold it.

NOT HYPNOTIZED

But His Pain Very Soon Left Him.

A gentleman from Wellsville who had been afflicted with rheumatism for many months was given a few minutes' treatment without medicine this morning in Doctor Larkins' office. Almost instantly the pain left.

A few more treatments will remove the cause of this dreadful disease and he will enjoy once more the health and happiness of his boyhood days.

This new system of curing disease is becoming known, and patients are coming from various states for treatment.

RETURNED THE CHILD.

Infirmary Directors Will Pay For Its Keeping In This City.

The township trustees yesterday sent a 10-months-old baby to the infirmary. A lady was sent along with the child to care for it on the journey. When they arrived at the institution the directors decided to send the child back to the city and will pay for its keeping here. The child is too young to be admitted to the children's home.

Cleaned Streets.

The heavy rain of yesterday and last night succeeded in cleaning the lower streets. All the hill streets have been cleaned of mud by the flow of water, and their condition is such that the sweeper will not be needed for several days.

Ill But a Few Days.

A 15-year-old daughter of Mr. and Mrs. E. S. Johnson died at the home of her parents on Thompson Hill at 10 o'clock. Deceased has been ill since last Sunday evening and death was caused by stomach trouble.

HAD MONEY.

But the Police Gathered Him In Just the Same.

At 1:30 o'clock this afternoon Doc Navajo, of Georgetown, was arrested by Officer Grim, at the corner of Third and Washington streets. He was taken to jail in the patrol and charged with being drunk and disorderly. When searched almost \$100 was found on his person. It was placed in the hands of Chief Johnson. He will be given a hearing this evening.

Only one case was disposed of by Mayor Bough this morning, and as a result the police fund was increased. Samuel Martin, who was arrested yesterday by Officer Mahony and taken to jail in the patrol, on a charge of being drunk and acting disorderly, was fined \$7.60 this morning. He lives in Chester, and several friends appeared and paid the amount.

Mulberry Sellers.

One day while Mark Twain and Charles Dudley Warner were walking together they happened to begin a discussion of the modern novel, and one or the other suggested that it might be a good plan to burlesque it. Later while journeying together to Boston this suggestion took definite shape, and on their return the work was begun, one author writing a chapter, the other taking up the threads of the story the next day, and both critically examining the result each evening and asking the opinions of their wives as to the success of each stage of the undertaking. Finally they collected all the manuscript, of which there was too great a quantity, and jointly condensed it. It was owing to a suggestion by Mr. Warner that the chief character in the tale was called Colonel Eschol Sellers, and it is a fact that the man whose name was taken—a man supposed to be long dead—made a fiery demand for satisfaction, visiting Hartford for that purpose. In later editions of the story the name "Eschol" was changed to "Mulberry."—Ladies Home Journal.

THIEVES TOOK JEWELRY

Market Street Store Burglarized Last Night.

THE SAFE WAS BROKEN OPEN

But Only a Few Old Coins Found—Then the Strangers Turned Their Attention to the Stock, and Succeeded in Getting Away.

The store of Isadore Newman, 167 Market street, was burglarized last night between 10 and 11 o'clock, and goods to the amount of \$75 were taken.

The robbery was discovered by a son of Mr. Newman who entered the alley door of the store for the purpose of turning off the lights in the window. When entering the notion department of the store he heard footsteps, and turning saw a man disappear out the door which leads to the alley. He ran after the individual, but was unable to catch him. An investigation was made, and it was found that a lot of jewelry had been taken, on which a value of \$75 was placed. The money which was in the safe during the day had been taken out and the doors were left open. The robber discovering this pried open the small drawers and took a lot of old coins. The value of these is not known at present.

The transom of the sidedoor was broken, but Chief Johnson stated this morning that this was done by an officer, who, seeing the man, tried to get in the building in this manner.

The officers are now working on the case and their present efforts will no doubt be rewarded within a few days.

BABCOCK'S FIGURES.

Claims to Be Sure of 185 Straight Republicans—Kerr Declares the Fusionists Will Control House.

WASHINGTON, Nov. 11.—Chairman Babcock of the Republican congressional committee practically completed a list of the representatives-elect to the Fifty-sixth congress. Authentic advice received by the Republican committee indicated that two districts were in doubt, viz, the Second California and the Twelfth Texas. In both, however, Mr. Babcock conceded that the chances were favorable to the Democrats. He claims neither of them. Mr. Babcock's figures showed the election of 185 straight Republicans, 163 Democrats, 6 Populists and 1 Silver Republican. These figures do not include the two doubtful mentioned. Conceding these two districts to the Democrats, as a means of reaching definite results, Mr. Babcock claimed a certain majority of 13 over all opposition.

Secretary Kerr maintained that the opposition to the Republicans would organize and control the next house of representatives. His figures indicated that the opposition would have at least 180 votes and perhaps 181.

WILL GIVE THE BOND

Mr. Francis Explains to the Committee.

PAPERS ADOPTED LAST NIGHT

The Executive Committee Was Enlarged by Adding Several Prominent Men—Wellsville Will Be Asked to Contribute.

The general committee having in charge the proposed railroad from this place to Lisbon, met in council chamber in city hall last evening. The attendance was larger than at the meeting Wednesday night. The meeting was called to order by Chairman Burford. The agreement or contract which was prepared by J. L. Francis, the promoter of the road, was presented by the judiciary committee together with the report of the latter committee. This report in substance is as follows:

"The subscription paper, which we here by return, binds and obligates the subscribers thereto to the payment in full of the amounts subscribed by them within 10 days from the opening and operation of said railway upon proper notice being given to said subscribers. Said instrument also binds the person or company then in good faith owning and operating said line of railway to execute and deliver to said subscribers at the time of the payment of said subscriptions negotiable traffic certificates calling for the full amount of said subscriptions. The payment of said subscriptions will be contingent only upon the building, opening and operating of said line of railway."

Mr. Francis then stated that he would give bond for \$60,000 guaranteeing the payment of the certificates, and was willing that it be embodied in the first agreement. He also agreed to give with the bond papers guaranteeing that the road shall not pass out of the hands of the company building it.

After this had been attached to the original paper it was accepted and adopted.

A section of the first paper which Mr. Francis presented, referring to the opening of coal mines, was adopted and referred to the judiciary committee with its adoption, who will embody it in the paper they prepared for the general committee.

A motion to enlarge the executive committee carried unanimously. The following names were added: Doctor Ikert, H. A. Keffer, J. R. Warner, Frank Sebring and W. C. Stewart.

The printing of the subscription papers and the distributing of the same was left in the hands of the secretary and Mr. Francis.

Chairman Burford stated that Wellsville should be included in the project and that it should be asked to contribute. A committee consisting of Mayor Bough, William Burford and Mr. Keffer were appointed to arrange a meeting with the Board of Improvement of that place to confer upon the subject.

MRS. GOOD'S LECTURE

Interested a Large Audience at the Second Presbyterian.

Mrs. A. C. Good delivered an address last evening on "Glimpses of Buland," to a very large audience, considering the very bad weather. She came under the auspices of the Ladies' Missionary society of the Second Presbyterian church, East End.

Her lecture was exceedingly interesting, requiring almost an hour in its delivery. She began by telling just how to reach Africa, gave glimpses of manners and customs, climate, etc., all of which was entertaining and instructive. She dwelt particularly on the darkness of mind and the deep degradation of the people who are there without the gospel, and to what great extent the people have been lifted in these few localities where they have had missionaries. She appealed to the ladies for their sisters in Africa, to do something to bring them back to the fold. She claimed that they are susceptible to the truth and that the lack of laborers for the vineyard is at present the great drawback.

BANQUET IN ALLIANCE

Soldier Boys Well Fed by the Ladies.

PREPARATIONS AT WOOSTER

There Was Delay In Completing the Big Barracks—How the Companies Will Be Fed—News From the Eighth at Its New Station.

East Liverpool's soldier boys are now in Wooster enjoying themselves as far as the preparations for their reception will permit. When they reached Alliance yesterday morning they were marched to the First M. E. church, where they were banqueted by the ladies of the town. Company K also had a prominent part in the feast. They left Alliance early in the afternoon for Wooster, the Canton battalion being added to the train at that place.

The rain, of course, delayed the finishing touches greatly on Ohliger hall barracks at Wooster, and, while the great structure was practically completed, the work of putting in the straw for the berths could not be finished Wednesday. The top portion of the roof was still unfinished and leaked quite badly, but the roof proper was found to turn the water as well as could be expected. The tar paper, which is to turn the water from the leaky parts, was received at noon, and was put on as fast as the large force of determined workmen could put it on. The heating apparatus is working finely, and will keep the quarters comfortable. The committee on arrangements state that everything is in readiness for the regiment, and, while it is expected that there will be some confusion and delay until the soldiers are quartered, yet after the first day all will be found complete and satisfactory. Many persons were engaged during the day preparing the different buildings to be used.

That there will be great need for the hospital was demonstrated Wednesday afternoon. Private Frank Frick, of Company C, Wadsworth, took sick and was taken to the hospital by Capt. F. O. Lee. Frick had a severe chill. He was in Cincinnati, and on his way to Wooster took cold, riding "on the front end" of the train, as he expressed it.

The plan for rationing the regiment by the contractor, J. N. Grant, it is believed, will work satisfactorily. Mr. Grant will act as superintendent, and will have a force of 15 assistants in the kitchen and 15 waiters in the dining hall. Mr. Grant expects to serve 600 men at each mess, 300 upstairs and 300 downstairs. The men will march into the dining hall in single file. As each soldier enters he will be handed a tin cup of coffee and one of soup, a knife and fork and two spoons, and a plate holding the meal. The extras on the bill of fare will be served by the waiters. Bread, butter and condiments will be on the tables. The heavy cooking will be done at the preserving works, the frying and light cooking in the kitchen at the dining halls. Mr. Grant states that his contract calls for the best of young cattle. The bill of fare for the first three meals follows:

Thursday, dinner—Tomato cream soup, boiled beef, baked beans, boiled cabbage, boiled potatoes, bread, butter and coffee, pickles, preserves.

Thursday, supper—Oatmeal and milk, fried potatoes, cold beef, bread, butter and coffee, sweet pickles, catsup.

Friday, breakfast—Fried beef, potatoes, bread, butter and coffee, grapes.

Capt. H. L. Kuhns, quartermaster of the Eighth Ohio, of Canton, reached Wooster Wednesday noon.

The medical examination of the Eighth regiment will be conducted by a corps of regular army surgeons.

Capt. Harry R. Lee, U. S. A., one of the mustering officers, reached Wooster Wednesday morning.

Capt. John C. F. Tilton, with Privates Cammord and Metznerberger, of the recruiting detail of Cleveland, have gone to Wooster to open up a branch recruiting office there. The captain will endeavor to get as many recruits as possible from the Eighth Ohio infantry.

On the River.

The continued rains of yesterday and the day before have had the effect of not only checking the fall that had set in, but a good sized river is looked for today, which should extend beyond Saturday. Good barge water is a certainty, and a coal boat stage may be reached. The heaviest rains have fallen along the headwaters of the Monongahela, although it was raining yesterday at every station from Oil City to Cincinnati. The general opinion is that 12 feet would be reached before Saturday. The marks at the wharf this noon registered ten feet and rising slowly.

The Lorena, Greenwood and Cummings went up yesterday, and the two last named boats will be down tonight. Passed down—Ben Hur, Victor, Catherine Davis, Clara Ailes, Coal City and Virginia. Passed up—E. D. Roberts and Boaz.

AN OFFICE BURNED.

Bob Moore's Place of Business Was Destroyed.

The fire department at 8:30 o'clock this morning responded to an alarm caused by the burning of the coal office of Robert Moore at the foot of Broadway.

The blaze was started by an overheated flue which set fire to the roof of the building. As the building was very dry it burned like so much brush. The department made a quick run and succeeded in extinguishing the flames before the building was entirely destroyed. Moore succeeded in saving some of his books and some furniture which he had stored in the place. His loss will amount to about \$150.

A MORMON STORY.

They Say a Church Has Been Formed in This Place.

Many of the Mormon elders who attended the conference held in this city several weeks ago seem to be making the most of the treatment they were accorded.

It is being published throughout the state, wherever the elders happen to be, that a strong church has been founded in East Liverpool and the membership is constantly increasing. It will be remembered that Elder Kelsch, who was the leading man at the conference, refused to state whether a church would be established in this city during this year.

ALL AFTER THE JOB

Trenton Manufacturers Would Be Chairman of

THE PROPOSED POTTERY TRUST

While Candidates For Other Places Paying Good Salaries Are Said to Be Thick In the Eastern District—They Believe It Will Be a Success.

Quietly and without a word as to the nature of his business, a man who is closely identified with the potting industry in Trenton slipped into the city yesterday. He quickly attended to the matter that brought him so far from home, and was about to return when accosted by the NEWS REVIEW. He promised to talk of the proposed pottery trust on the sole condition that his name would not be used. He said:

"Yes sir, Trenton favors the formation of the trust for a number of reasons, many of them being those that have captured the potters of Liverpool, but there are others, and I must say they are the most amusing if not the most important for they have already made a number of good men appear ridiculous. The fact is they all want positions. Some are only anxious to be retained as supernumeraries, but a number whose names are known in the potting world would like much to be chairman of the trust. They see in it not only the fattest kind of a salary with power that would turn a Turk green with envy, but it will virtually mean that the most competent man of the industry in America has at last been found. It will be an honor to the man who gets it, that every one admits, but to hear the claims and counter claims, all on the side, before the combination has really been formed is something most amusing. I have heard that a number of concerns only consented to become a part of the trust after some of their leading stockholders and had canvassed the situation and believed they or some of their friends would secure the coveted positions. Candidly I do not believe the promoters of the trust are giving that matter the slightest concern. Should the time come they will know who they want for chairman. That is part of the plan.

"I believe there will be trouble when the final appraisal is made. Some Trenton potteries are listed now at a price they could never bring if the industry was as safe as an investment in government bonds and paying as much as Standard oil. There will be some changes in estimates, I believe, before all the potteries of Trenton are in the trust."

A TINPLATE TRUST.

The \$50,000,000 of Capital Stock Already Said to Be Oversubscribed.

CHICAGO, Nov. 11.—According to a local financial news bureau, the consolidation of the tinplate industry of the United States is practically assured. The Chicago promoters say the \$50,000,000 of capital stock has already been oversubscribed.

Pennsylvania Bankers.

HARRISBURG, Nov. 11.—The first annual convention of the State Bankers' association opened in this city. President Hackett read his annual address, in which he referred to the part taken in the late war by the bankers in the liberal response for subscriptions for bonds. Secretary Edward Reininger of Allentown reported 406 members in good standing, and Treasurer D. McK. Lloyd said the financial condition of the association was very flattering.

Rev. Dr. John Fox Appointed.

NEW YORK, Nov. 11.—The Rev. John Fox, D. D., of Brooklyn, formerly pastor of the North Presbyterian church, Allegheny City, has been elected corresponding secretary of the American Bible society, to fill the vacancy occasioned by the death of Dr. Alexander McLean, who died in March last.

SUITS AND OVERCOATS

MADE FROM THE STOCK OF CLOTH BOUGHT AT HALF PRICE FROM D. MEYERS & CO., PHILADELPHIA.

Have gone into many wise citizens' homes, have clothed many stylish men, have saved many men much money.

It often struck us as peculiar--how it was possible for the public to so easily distinguish between the advertisement with genuine merit behind it--from the one just as well written--just as neatly printed--with nothing to back it but disappointment.

No sooner had we announced our special money saving sale of men's fine attire than nearly every store in town--had a like purchase--a similar sale to announce--some claiming so much--and performing so little--that they gave additional prominence to the event at the Satisfactory Store.

GEN. MILES' REPORT.

Much of the Information In It Had Already Been Published—Some Recommendations.

WASHINGTON, Nov. 11.—The report of Major General Miles, commanding the United States army, was made public by direction of Secretary Alger.

Regarding the war with Spain the report deals with the plans of campaign and war preparations; with the Santiago campaign; with General Miles' operations in Porto Rico and, lastly, with the important changes in existing organization which are, in General Miles' opinion, necessary to make the army an effective weapon for the defense of the country.

There is an entire absence of any evidence of direct criticism, though certain sentences in the report are italicized, in an apparent desire to justify previously expressed plans of details of the campaigns, and, where it deals with events, the document is largely made up of a quotation of official dispatches.

Much of it was made public during the exploitation of the controversy between General Miles and Secretary Alger in the newspapers. General Miles again shows, as he did then, that he was recognized by Secretary Alger as the head of the army, over Shafter, in spite of Alger's statement to the contrary. Most of the dispatches were printed in the interviews secured by the correspondent of a Kansas City paper and also the facts in an interview given out by General Miles on his return from Porto Rico, most all printed in these dispatches at the time.

After dealing with the Porto Rico campaign, he mentions by name specially the officers of his staff and the general officers engaged and recommends a small list of officers for promotion and brevets.

Generalizing upon results, the report reads:

"It is gratifying to record that during the war not a single defeat has been met and not a prisoner, color, gun or rifle has been captured by the enemy. In this respect the war has been most remarkable and, perhaps, unparalleled. Under all circumstances and in spite of many most trying difficulties the troops have maintained the fortitude of the American character and the honor of their arms."

General Miles closes his report with some earnest recommendations for the improvement of the military service.

He trusts the experience of the last few months will be valuable to the people and to the government. The value of coast defenses, he says, has been proven and the system should be completed without delay.

He favors the adoption of a standard of strength for the army to meet the country's growth and suggests that it be one soldier for every 1,000 population, yielding a force of 62,579. While this force is already provided for, unfortunately the authorizing act requires the army to be reduced to its former inadequate basis on the termination of the war.

General Miles, in conclusion, recommends the authorization of an auxiliary force of native troops in Cuba, Porto Rico and the Philippines, to be officered by United States army officers and not exceeding two soldiers for 1,000 population of the islands, and all of these increases, he urges, should be made at once, as they are of vital importance.

BOTH CLAIM CONTROL

Narrow Margin For Either Party In West Virginia Legislature.

CHARLESTON, W. Va., Nov. 11.—The Republicans have a majority of six in the state senate. They claim a majority of one in the lower house, which would give them a majority of seven on joint ballot. The Democratic state committee claim a majority of one on joint ballot.

If the two senators just elected by the Democrats to take the places of Senators Pierson and Getzendanner are seated, the senate would stand Republicans, 11; Democrats, 12. The Republicans will not admit that there are any vacancies in the senate on account of Senators Pierson and Getzendanner being volunteer soldiers.

Most of the Hessians taken prisoners during the Revolutionary war became settlers in Virginia.
